### Bandit Suspects Flee Police

#### ESCAPE FROM KENTON THRU TIME ERROR

Two Are Picked Up by Detectives Early Friday Morning

ROBBED STORE HERE, CLAIM

Freed From Jail Thru Misunderstanding Over Commitment

Two alleged holdup men, believed to be the ones who stuck up the R. P. Conkling grocery, 900 S. Pine-st, Thursday night and escaped with \$50, made a second getaway after being turned over to Kenton police by National detectives at 3:30 a. m. Friday.

A posse composed of Detectives E. Gayman, Ben Miller and Deputy Sheriff Smith were enroute to Kenton with a prisoner.

Sixteen miles from Lima they encountered two men walking in the leading highway. The hour was 3 a. m. Suspicious conduct of the two caused the sleuths to take them in custody.

BOTH HELD

Both were turned over to police on arrival at Kenton, but could give no explanation of their presence in the road. After finger printing the men, the detectives asked the Kenton police to hold the two until they heard from them Friday morning. They gave their names as Lackey, of Belton, Wis., and Crossley, of Indiana.

Returning to Lima they learned of the Conkling holdup. The description given police here tallied with that of the two strangers found on the road.

Sheriff Closson telephoned Kenton police to hold the men, but they were too late. They had been released at 6 a. m.

Search for the two was made near Kenton Friday morning, but the men escaped. With finger prints of the two in their possession, authorities believe they will identify and capture the fugitives.

Robbery of Conkling's store occurred early Thursday evening. The two entered the store as if to purchase. One man approached the owner standing behind the counter. His pistol was in the door.

APPEAR IN STORE

"What can I do for you?" asked the store keeper pleasantly. For answer the robber whipped out a gun and covered Conkling.

"Put 'em up and keep 'em there," he commanded tersely.

While the first bandit kept Conkling covered the other slid behind the counter and rifled the cash drawer. During this operation Mrs. Conkling entered the rear of the store. She was covered too and told not to move.

One of the bandits then searched the storekeeper's pockets and removed a wallet, but did not keep it. When they had finished, the bandit with the gun, who seemed to be the leader, motioned to his accomplice.

"Let's go now," he commanded. With swift cat-like movements the two gunmen backed to the door, edged outside, and ran south in the darkness.

Police summoned to the scene found no trace of them.

#### NEW LOCO. ORDER

Nickel Plate Railway Purchases 20 Large Engines

Lima Locomotive works officials today announced an order for manufacture of twenty locomotives for the Nickel Plate railroad.

Deliveries are asked within two or three months of 10 switching engines and 10 Mikado type engines. Work is to be started at once, officials declared.

The order Friday is the second within one month, the last being an order for 40 Mikado type locomotives for the New York Central railway.

KILLED IN FALL  
CANTON—Mrs. Paqualina Simile, died in a hospital early today after a fractured skull received when she fell last night in alighting from a trolley.

### JUDGE "DRAFTED" AS NAVY CHIEF

BLOOD SALESMAN

At \$91 a quart, J. George Broadly, 21, is selling his blood to pay his way thru Ohio State University. To date he has made \$500 and says he never felt better in his life.

#### OIL COUNSEL TO PRESS CASE

Pomerene and Roberts on Way to California

CHEYENNE, Wyo.—(Associated Press)—With the Mammoth Oil Co. temporarily enjoined from further development of the Teapot Dome naval oil reserve and its properties on the reserve ordered into the hands of a joint receivership, Alton Pomerene and Owen J. Roberts, special government counsel, today are traveling to Los Angeles for the second attack in the drive for annulment of the oil reserve leases.

The temporary injunction and receivership order was granted yesterday by Judge T. Blake Kennedy of the federal district court for Wyoming after government counsel had filed a bill in equity asking that the lease of the Teapot Dome to Harry F. Sinclair and the Mammoth Oil Co. be cancelled, alleging fraud in its execution.

Rear Admiral Joseph Strauss of the United States navy, proposed by the government, and Albert E. Watts, vice president of the Sinclair Consolidated Oil Corporation, named by the defendants, were appointed joint receivers.

Just before leaving for Los Angeles last night Pomerene said he and Roberts expected to follow the same general procedure in the hearing on the Doherty lease next Monday as pursued in yesterday's hearing. He declined to reveal any definite plans or to venture predictions.

The date for further hearings in the Teapot Dome suit was left indefinite as counsel for both sides said they were unable to say when they could resume the proceedings. The defendants were granted thirty days to answer the government's complaint.

In a formal statement Mr. Sinclair declared that "the order which simply provides for a modus vivendi pending the trial of the suit, in no way involves the merits of the government's claims which of course we will vigorously contest."

#### KILLING ADMITTED

Pennsylvania Man Confesses Chloroforming Girl

MORRISTOWN, Pa.—(Associated Press)—Harold W. Dean is said to have confessed that he killed Louise Bruppacher, 17, whose death on March 1, was attributed to heart disease. He was a boarder at the Bruppacher home.

The police say he admitted he entered her room at night and chloroformed her as she slept because of jealousy of other young men. Anonymous letters written to the girl's father before her death led to Dean's arrest.

He was held yesterday for a hearing.

#### BOY MANGLED BY CIRCULAR SAW IN FATHER'S MILL

Lad Dies of Hemorrhage and Shock in Leipsic Tragedy

CORONER LAUNCHES INQUIRY

Youth Out of School Because of Death of Suicide

LEIPSIC — (Special)—Paul Arnold, 14, son of Mr. and Mrs. George Arnold, is dead at his home in Townwood, four miles northwest of here, from injuries sustained Thursday when he accidentally fell on a circular saw at his father's saw mill.

Death was attributed to shock and hemorrhage produced by amputation of the right arm and right side in the fatal accident. The boy died within half an hour after his mutilated body was released from the log cutting machinery by the father who was powerless to save his son's life.

SECOND FATALITY  
Loss of the boy's life is the second fatality in northern Putnam county within one week. John Fike, a neighbor, ended his life by the bullet route Wednesday morning and because of his death the boy was absent from school.

He was assisting his father in rolling logs to the circular saw where they were hewed into timber. While standing on one of the logs the boy slipped and fell on the whirling saw and his body was nearly severed before the machinery could be stopped and the body extricated.

The father was exonerated of any guilt in connection with negligence in the death of his son. This action was taken following an inquest held Friday to determine whether the boy's death was caused by accident or negligence upon the part of the father in allowing him to work around the saw, contrary to the laws of the state.

After making an exhaustive probe of the case, Coroner A. F. Sheibley decided the boy came to his death by accident and will so note in his verdict.

Funeral services for Paul Arnold will be held Saturday at 2 p. m. in the Townwood church. Interment will be in Sugar Ridge cemetery, near Leipsic.

#### TWO NEAR DEATH IN CRASH

Automobile is Demolished by B. &amp; O. Train at Crossing

L. C. Rawers, 36, and Marce Rawers, 15, brothers, of Chickasaw, were slightly injured at 2 a. m. Friday when an automobile in which they were riding was struck by a B. & O. train at the Fourth-st crossing.

The two were driving west over the crossing, with the elder one at the wheel, when the north bound passenger train in charge of Conductor Clifford and Engineer Pratt, crashed into their sedan.

The car was hurled 50 feet down the tracks and the men were thrown clear of the wreckage. Both suffered cuts about the face and head, bruised hips and the elder man incurred a deep gash on the left leg, just above the knee.

They were taken to the B. & O. depot and later removed to City hospital in Williams & Davis ambulance. Their father, Dr. Rawers of Chickasaw, was notified of the accident.

The automobile was demolished.

BURNS TO DEATH  
PORTSMOUTH—Curtis Collier, 3, son of Elbert Collier, of New Boston, near here, was burned to death when his clothes caught fire from an open gas grate. Lilly Collier, 15, a daughter of the family, was killed some time ago when run down by an automobile.

APPOINTED

CURTIS D. WILBUR

California chief justice selected by President Coolidge to succeed Edwin Denby as secretary of the navy.

#### FREMONT MAN IS NEW MANAGER

Board of Commerce Announces Successor to Morton

Don C. Jacobs, 37, of Fremont, is the new manager of Lima's Board of Commerce.

Board of Commerce secretary committee in special session Thursday afternoon announced the appointment of Jacobs, to succeed James E. Morton, who is to be state representative for the state. Better Business Bureau and Ohio manager of the Philadelphia Public Ledger.

Jacobs assumes his duties here on Monday, March 24, after eight and one-half years of commendable service in Fremont as secretary of the board of commerce, manager of the Fremont Cooperative Delivery system and Better Business Bureau.

The new secretary gained prominence in Ohio when he took the defunct Fremont cooperative delivery with an \$8,000 loss and placed it on a business paying basis with assets of \$8,000, from which fund he operated the Board of Commerce and protected merchants.

Four months ago Jacobs declined an offer as assistant to James E. Morton as he had other offers as a reward for his services. He was in Lima Thursday and impressed the committee composed of R. B. Dunn, F. J. Fitzgerald and H. L. Breckenridge, which committee unanimously voted for his election.

Jacobs will be a guest here on Friday, March 21, at the Lima Real Estate Dealers' meeting and will be in office on and after March 25.

#### PROBE OF BUREAU IS BEGUN

Internal Revenue Investigation Put Under Way

WASHINGTON — (Associated Press)—Inquiry into the operation of the bureau of internal revenue opened today before the senate select committee headed by Senator Watson, Republican, Indiana.

Meeting in executive session the committee heard officials of the bureau, headed by Commissioner D. H. Blair, who had been instructed to present charts showing the status of tax collections for past years and of claims lodged against the government by taxpayers.

The inquiry was ordered by the senate under a resolution by Senator Couzens, Republican, Michigan. As originally drawn the resolution asserted that inefficiency, if not maladministration, had resulted in great confusion in the bureau, but before adoption the allegation in the preamble was stricken out by agreement. As it now stands the order for the inquiry comprises simply authority to ascertain the reason for reported undue delay in settlement of tax cases and instructions to report recommendations.

JUSTICE SUMMONED  
TOLEDO—Federal Judge John M. Killits today subpoenaed Jacob Tremblay, Adams-st justice of the peace and his prohibition raiders, in what may be the start of a sweeping investigation into the conduct of county justice offices.

#### WILBUR IS CHOSEN AS SUCCESSOR TO EDWIN DENBY

Chief Justice of California Appointed by Coolidge

TELEGRAPHS ACCEPTANCE

Named When Post is Declined by W. S. Kenyon

WASHINGTON — (United Press)—President Coolidge today sent to the senate the nomination of Curtis D. Wilbur, chief justice of the California supreme court, to be secretary of the navy.

WASHINGTON — (Associated Press)—Curtis D. Wilbur, chief justice of the California supreme court and a graduate of the Naval Academy, has been selected by President Coolidge to succeed Edwin Denby, a veteran of both the navy and the marine corps as head of the navy department.

Judge Wilbur announced his acceptance of the appointment last night at San Francisco, and Mr. Coolidge is expected to submit his nomination immediately to the senate.

Both jurists had been considered also in connection with the attorney generalship, it is understood, and a belief prevails that if Harry M. Daugherty should resign, an offer of his place in the cabinet would prove more acceptable to Judge Kenyon.

Assistant Secretary Roosevelt has been acting secretary of the navy since Monday when Denby retired, and will remain in charge until the new secretary takes over the office.

AWAITS CONFIRMATION  
SAN FRANCISCO — (Associated Press)—Chief Justice Curtis D. Wilbur, of the California supreme court, today prepared to lay aside the ermine of his office and take up the weightier duties of the post of secretary of the navy.

Tendered the office by telegraph late last night, Justice Wilbur accepted the portfolio surrendered by Edwin Denby last Monday. He will leave for Washington as soon as his appointment is confirmed by the senate.

President Coolidge's summons to the California jurist was terse.

"You seem to be the man I need for the navy," the president telegraphed. "Am drafting you today. Please answer."

Within ten minutes Justice Wilbur replied.

"I will accept the appointment and will come to Washington as soon after confirmation as possible."

He announced that he would not resign from the California supreme court until he had been sworn in as naval secretary.

"I cannot make any statement in regard to the policy I will pursue, except to say that I will do my level best to see that the navy is absolutely first class in every way," he said.

LEADING LAWYER  
The new cabinet appointee was bearded far into the night by congratulatory telephone calls and messages. A host of newspaper men and photographers also aided to keep him occupied until after midnight.

Chief Justice Wilbur has for many years been one of the leading lawyers and jurists of California, and a leader in child welfare and Sunday school work. He was graduated from the Naval Academy in 1888.

Born in Boonesboro, Iowa, May 10, 1867, he was educated in the public schools of that place and of Jamestown, N. D. After graduation from the Naval Academy he came to California, taught school for one year and entered an attorney's office to study law. In 1890 he was admitted to practice. In Los Angeles, while he was judge of the superior court, he organized the juvenile court and drafted several bills which later formed the basis for California's juvenile court law.

He was elected chief justice of the California supreme court in 1922, after having served since 1918 as associate justice.

### \$100,000 PAID FORMER AGENT, HE CONFESSES

Received to Stop Prosecution of Aircraft Case, Witness Declares—Sum Turned Over to Jesse Smith, Daugherty's Friend, Ex-Employee Testifies

Refers to Himself as "Money Carrier" While In the Service—Mellon's Name Brought In Probe—Miss Stinson's Testimony Stopped by Illness

WASHINGTON — (Associated Press) — "Asking no quarter and giving none," Gaston B. Means, former department of justice secret agent today testified to the senate committee investigating Attorney General Daugherty that in February, 1922, in the old Bellevue hotel in Washington, he received from "a Jap representing Mitsui and Co." one hundred thousand dollars, to stop government prosecution in the Standard Aircraft case and

WASHINGTON — (United Press) — The senate today unanimously granted extension of the Daugherty investigating committee's powers—to hold hearings in any part of the United States and to permit any member of the committee to issue subpoenas—asked by Chairman Brookhart.

that he turned the money over to the late Jesse W. Smith, Attorney General Daugherty's "bumper and friend."

Means testified he knew that information he had given Smith had been turned over to the attorney general. Means had been directed to make some investigation by Smith. Asked if he had obeyed these instructions altho he, Smith, was not employed by the department, he said, "yes sir."

"HAD MONEY DELIVERED TO ME FOR SOME ONE ELSE," WITNESS DECLARES

"Have you collected money on various occasions and from various people in your employment by the department of justice?" Means was asked.

"No sir, I had money delivered to me, for some one else, I did not go out and look them up myself."

When asked who he meant by "they," Means replied: "Oh, Jess Smith and W. T. Underwood—I saw him last at Palm Beach."

Means said he was sent to Palm Beach by Sidney Thompson who had business with Underwood. Senator Wheeler suggested Means was the go-between after Jess Smith died.

"The money carrier," interrupted Means.

Sidney Thompson, Means added, was the messenger for Underwood.

Underwood, Means explained, was the man who worked with Jesse Smith and helped him (Means) make investigations. He understood Thompson was a friend of Smith's and without any connection with the department of justice. Means said he understood Underwood wanted information regarding his diaries and testimony in the New York trials.

Underwood, Means stated, was making an investigation for the president of the United States. He later said Underwood worked for President Harding.

WANTED MELLON  
Means said Jess Smith and Underwood wanted to "catch Secretary Mellon and we got him." President Harding, he added, wanted the information.

Means said he gave Captain R. I. Scaife, "thousands of dollars" in connection with his investigations. Scaife was an investigator at the department who agitated investigation of aircraft scandals.

Means testified that he, too, had worked for President Harding. The charges against the attorney general, Means declared, were not true. Means said he knew Underwood represented the president.

A letter from Underwood to Smith, Means said, declared President Harding wanted some "confidential under-cover investigations made" by Jess Smith. Underwood and himself.

In New York, Means said he investigated reports of "arrangements gone into by Secretary Mellon for certain permits."

"But the first time, he slipped thru our fingers," he said. These investigations the witness said, related to violations of the Volstead act.

Means also said he had a Laura Jacobson investigate Senator Caraway, Democrat, Arkansas.

The Caraway investigation was made after the senator had attacked President Harding and the attorney general, Means said.

LAFOLLETTE MENTIONED  
Senator LaFollette also was investigated, Means said, adding that he saw to it that the LaFollette office was gone thru, altho he did not do it personally.

Senator Bruce, Democrat, Maryland, also was investigated right after election, Means declared.

The investigation of Senator Bruce was ordered by "Jesse Smith or some of them," the witness said. Means said he thought Smith was

a closer friend of the president of the United States than he was of the attorney general. Smith, he said, got reports constantly on the stock market, over the attorney general's telephone, but in the attorney general's absence, sometimes Smith would later read the stock reports to the attorney general.

The Bruce inquiry, Means qualified, was "not a regular investigation." He promised to find out from his records who ordered the investigation of Senator Bruce.

Means denied making an investigation of Representative Woodruff of Michigan.

During the house impeachment of the attorney general Means said he knew the department of justice had agents following witnesses and watching the investigation.

Senator Wheeler returned to Means' receipt of money.

"Who did you pass the money on to when it was received by you?" he asked.

"Mr. Jesse Smith and Mr. Underwood," was the reply.

"They" had employed "and who were working under me."

A man named Jarneck also collected some money and paid it to Underwood, Means declared.

The first money he collected, Means said, was one hundred one thousand dollar bill in connection with the Standard Aircraft case.

RECEIVED AT HOTEL  
The \$100,000 was received in the old Bellevue hotel here in February, 1922, just before Smith went to Florida, Means added.

The money was received, he said, from a "Jap acting for the Mitsui company."

The \$100,000 was received at night and given to Jesse Smith, Means testified.

"Jesse Smith came along and got it that same night," Means said. Smith came to his hotel room for the purpose of getting the \$100,000.

(Continued on Page Six)

## ROBBER SUSPECT CAUGHT HERE

Second Alleged Bandit Taken in  
McGuffey Holdup

TRAILED THRU CONFESSION

New Prisoner Implicated When  
Leader Tells Story

Darrell McCarthy, 23, second of a gang of four alleged bandits who are said to have held up and robbed William Cozart of \$700 in his grocery store near McGuffey, Feb. 13, 1923, was captured by National detectives and Deputy Sheriff Smith, at the William McCarthy place, in Colest road at midnight Thursday.

Paul E. Hoiler, 24, leader of the gang, who was apprehended in an army post near New York, in December, implicated McCarthy in a confession. He was sentenced to Mansfield early in the year by Judge Hamilton E. Hoge, of Kenton.

The four men who held up Cozart's store, shot at the owner five times, but none of the shots took effect. The store stands at the intersection of the Bellecenter and Marsh roads, one mile south of the marsh.

For many months the robbery was a deep mystery, and until Detective Eddie Gayman trailed Hoiler to New York, and arrested him was the matter solved.

Thursday night thru Deputy Smith it was learned that McCarthy had been in Lima since Sunday.

The officers in search of the fugitive went to the home of William McCarthy, the father, in Colest road.

"Yes, he's here, some place," the parent admitted. "I hate to see him caught, but I'll tell the truth."

A search of the house at first failed to reveal the fugitive. The searchers combed the building again and found McCarthy hiding in a portable closet. He had removed the shelves and was curled up inside.

Detectives rushed him to Kenton, where they turned him over to Hardin-co authorities. McCarthy is under a secret indictment returned by the Hardin-co grand jury.

**CENTRAL CALIFORNIA  
ENTERS COTTON GAME**

MERCED, Cal. — Central California has joined the extreme southern part of the state in bidding for cotton production. Cotton is becoming a major crop in the San Joaquin Valley, which stretches for more than 250 miles east and south of San Francisco.

During 1924, it was announced here during the recent visit of W. B. Camp of the United States department of agriculture, more than 50,000 acres will be planted to cotton in this section. Land in the San Joaquin valley, he said, produces an average of a bale of cotton for each acre planted in Kern-co producing 12,000 bales.

The boll weevil, which is reducing cotton production in many sections of the country, does not thrive in the irrigated sections of the San Joaquin Valley, according to local experts, and the quality of the cotton is declared to be above the average.

**EAST SIDE HOSPITAL SITE  
SELECTION TO BE MONDAY**

Definite location in Lima Driving park for the proposed \$500,000 city hospital will be selected Monday afternoon by the east side hospital site committee.

The selection and petitions bearing signatures of approximately 5,000 property owners will be presented to commission with a request that the east side be the choice for the new structure.

## BUT TIMES CHANGED FOR JESSE'S AIDE

"BILLY" STILES, EX-BANDIT COMRADE OF JESSE JAMES

(By JACK JUNGMEYER)

GLENDAL, Calif. — (Special) — The only surviving member of Jesse James' gang is here — REFORMED!

William Stiles is a disturbing retort of the proverb that you can't straighten the bent bough.

Billy in boyhood and prime was as crooked a bough as was ever fashioned by the storms of outlawry. Today, at the age of 74, is as straight a human tree as ever weathered the gale.

He does odd jobs on a farm and writes a book between chores.

"I was bad from the time I can first remember," explains Stiles. "I started stealing as soon as I could walk."

But when he reached that age when most men consider their lives unalterably fixed, Stiles began to delve into the gospel instead of bank vaults and mail pouches.

His first crime was at 14. He robbed a drunken man. He ran away from home and went to a New York "begging school," where he mastered pickpocketing.

After he had stolen a horse in Kentucky — a gallows offense in those days — he decided to go the limit and joined the James' gang.

"My initiation was pretty rough," he recalls. "They sent me out on an errand along the trail."

"Soon I saw men—sheriffs' deputies, I thought—surround me. I thought I was lost. When they asked me if I belonged to the James' gang, I couldn't say 'yes' because I thought they would hang me. And if I said 'no,' I figured the gang would kill me. So I refused to answer."

"They put a rope around my neck and hoisted me clear of the ground several times. Finally they released me and I returned to the camp. I found the James' gang around the camp fire, laughing. They had put me to the test and I had not flinched."

"I always think of that incident whenever I put on a stiff white collar and it chafes my throat."

## PECULIAR INDIAN RACE DESCRIBED

Timid Unclothed Tribe Lives  
Unarmed Amid Wilds

CHICAGO — A race of men living unclothed under rock ledges and overhanging cliffs, with a history that is not traceable and who speak a dialect that has no similarity to any known language, is described as existing in Pithoragarh, North India, by the Rev. M. Wells Branch, returned Methodist missionary.

Their bodies are covered with dark hair from living without shelter, are slightly Mongolian in type, small of stature and they never go armed. They use only the crudest tools beside their knives, yet they live in forests in which roam tigers, leopards, bears and wolves.

"They are like shadows in the forests and will salute no one," said Rev. Branch, who lived near them for a decade. "They make wooden dishes with their knives and are expert whittlers. When they wish to sell any of their dishes they come out of the forest, put down their wares and retire into the jungle. The traveler then inspects them and if he wants any, he leaves grain, other food or something of about equal value."

"They believe themselves all descended from royal blood. For this reason they call themselves Rajas, and claim to be descended from the forefathers of the Rajah family, ruling house of Askot, a native state of that region. Some of their number occasionally visit the village bazaars but no one can talk with them or barter save by signs."

"They believe themselves all descended from royal blood. For this reason they call themselves Rajas, and claim to be descended from the forefathers of the Rajah family, ruling house of Askot, a native state of that region. ## 13 Jinx The Bunk, Wilbur Declares

SAN FRANCISCO — (Associated Press) — Thirteen, shunned by the superstitious, is a number associated with the luckiest events in the life of Curtis D. Wilbur, who was "drifted" last night to be secretary of the navy.

As evidence that the "thirteen jinx is the bunk" as he remarked last night, Judge Wilbur explained: He was married on the 13th.

He took his bride to live at 1313 Winifred-st., Los Angeles.

He was admitted to the practice of law on the 13th.

He was inducted into office as chief justice of the state supreme court on January 13.

He was appointed secretary of the navy on March 13.

**SAMOA BANS FILM**

PAGO PAGO, American Samoa — The authorities in Western or British Samoa recently censored as unfit for the Samoans a film representation of Robert Louis Stevenson's "Dr. Jekyll and Mr. Hyde."

Chinese and all other inhabitants were admitted to the show, but Samoans were excluded.

## BUREAU BRIBE IS ADMITTED

(Continued From Page One)

"I didn't know what it was for at that time," he said.

Smith had told him he was to get the money and to count it, Means declared.

Senator Wheeler brought out that one of the charges against the attorney general in the recent impeachment case was in connection with the Standard Aircraft case.

Prosecution of the aircraft case, Means testified, was withdrawn by the war department for the department of justice.

Means said he was assigned by Burns to assist Captain R. L. Scaife, in the war fraud cases and Scaife had assigned him to the aircraft case.

Means said he was "walked at first in his investigation by Harry Mingo, an official of the aircraft corporation. Mingo, he said, later expressed willingness to 'make a settlement'."

"The one hundred \$1,000 bills," Means said, he received in February, 1922.

Mingo had told him, the witness said, that the Standard Aircraft Company owned the government "two or three million."

"Burns told you to go to Mingo and he'd come thru?" Means was asked.

"He led up to him very easily," said Means, but declaring Burns was absolutely honest and would "kick anybody out of his office" at the suggestion of graft.

**PROBE ASKED BY HARDING**

Secretary Mellon's name was brought into the Daugherty investigation by Means, when he said that for President Harding he investigated matters connected with certain permits, having to do with violations of the Volstead act.

Jesse Smith wanted us to catch him," said Means. "President Harding wanted the information. The first time he slipped thru our fingers."

"I gave Captain Scaife thousands of dollars to catch him (Mellon)," Means testified.

Scaife was formerly a department of justice investigator who was active in pressing for investigation of aircraft scandals.

Also at President Harding's request, Means testified, he investigated Senator Caraway, Democrat, Arkansas, and also Senator LaFollette after the latter had been agitating investigation of the Teapot Dome scandal.

"It had come to our attention," Means said, "that Secretary Mellon had to furnish certain permits for certain purposes."

"Generally speaking, you were investigating the liquor ring in New York, were you not?" asked Senator Wheeler.

"Well, it was into violations of the prohibition law."

Jesse W. Smith and W. T. Underwood, said Means, gave him orders to investigate Senator LaFollette to learn what information he had and anything to stop him.

Smith paid his expenses, Means, however, could not state of his own knowledge that Smith was following orders of the attorney general.

Underwood, he knew, represented President Harding because he had seen a letter to Jesse Smith from President Harding authorizing an "under cover" investigation.

**MISS STINSON TOLD**

Gaston B. Means, former department of justice agent and man of many connections, was the first witness called today.

Roxie Stinson, divorced wife of Jesse Smith, who has been telling of alleged "deals" between him and Attorney General Daugherty, was reported sick and unable to continue her testimony today.

At the request of the attorney general's counsel, Senator Wheeler, Democrat, Montana, gave assurances that Miss Stinson would remain here until cross-examined.

**DAUGHERTY OBJECTS**

The committee's decision to subpoena Means, a former agent of the department of justice, and Felder, who was associated with Harry M. Daugherty in the efforts some years ago to get a pardon for Charles W. Morse, was reached after the attorney general had requested that their testimony not be taken.

Daugherty called attention that Means and Felder are under indictment on bribery charges, and based his request on the possibility that their testimony before the senate committee might raise certain questions of immunity in the court proceedings.

The committee, in calling them, held that it would be possible to question them without going into matters involved in the indictments. Felder's name figured briefly in the maze of Miss Stinson's testimony yesterday about "deals" in which she insisted Daugherty and Jesse W. Smith, of Washington Court House, Ohio, her former husband, who committed suicide in the attorney general's apartment here a year ago, were associated.

In answer to a question the said she knew no "deals" between Smith and Felder, altho she had known of the sending of a telegram to the lawyer by her former husband.

The Daugherty committee also has joined the oil committee in efforts to subpoena James G. Darden, identified as president of the Mutual Oil Co., which was elected from Teapot Dome by marines after the reserve had been leased to Harry F. Sinclair.

Darden was mentioned yesterday by Miss Stinson who said Smith told her he and Daugherty each had given the oil man \$2,400 for investment but, she added, they later "dropped" him. Attempts to find Darden to serve the oil committee's subpoena have failed.

**MISS STINSON'S TESTIMONY**

The direct statement that Attorney General Daugherty had told Jesse W. Smith, his bumper and friend, that he would prevent prosecution for transportation of the Carpentier-Dempsey fight films, and that the attorney general and Smith were to receive \$180,000 was the first sensation sprung yesterday when the testimony resumed its investigation.

Miss Roxie Stinson, divorced wife of Smith, told the committee Smith had told her he was the go-between in the negotiations between picture companies and the attorney general.

A transaction in Pacific oil stock

was then brought up by Senator Wheeler. Miss Stinson said it was in the fall of 1922,acific Oil Sinclair Oil and Manhattan Shirt shares were placed with Smith's bankers and afterward taken away she said.

Miss Stinson did not know Smith got the stock. She thought there were 200 shares of Pacific Oil and 300 of Sinclair.

Smith withdrew the stocks "suddenly" from the brokers. She denied that Smith said the stock was given to him.

From the fight pictures the testimony veered to a "deal" in which Smith and Daugherty, the witness said, had each put \$2,400 with Colonel J. G. Darden, who Smith told her, she said, "had been trying for years to get some leases thru the government."

**LITTLE GREEN HOUSE**

Miss Stinson's testimony started with reference to the "little green house on K-st." She said she was not familiar with Washington and would rather not answer questions about it. "It was purely personal," she said. "It is absolutely of no consequence."

She reiterated, however, that Smith had told her of meeting the attorney general there. She said "different senators and important people" had conferences in the house.

"Do you know who occupied it?" asked Senator Moses.

"I think it was one of Mr. Mellon's. I'm not sure about that," she said. She did not know of the purpose of the conferences there but Smith had told her the house was used for private conferences where they would not be disturbed.

Department of justice appointments were considered there, she said, and people making appointments went there, she was told.

Senator Ashurst referred to Colonel James C. Darden and Miss Stinson said she met him in the "shack" near Washington Court House which the attorney general, Smith and others maintained.

Hesitating, Miss Stinson said she could "tell better later" of the conference between Darden and others. Smith had told her the attorney general and himself met in the "green house" because they could meet privately.

**SAW DARDEN AT SHACK**

Daugherty was in Columbus, she said, when she saw Colonel Darden at "the shack."

"I know they had something that they were considering."

"There was something wrong somewhere," she continued. "They did drop Darden."

"What brought this about was that Darden did not measure up," Miss Stinson said. "Measure up to what?" demanded Senator Ashurst.

"They dropped him," was the answer.

Questioned by Senator Wheeler, Miss Stinson answered "yes," when asked if Smith was a partner "in these various deals."

Of that she said her chief knowledge came from Smith. She said she knew of a "deal" between Daugherty and Darden of which Smith had told her. She said Smith gave Darden \$2,400 and he told her Daugherty gave the same amount to Darden.

"They had a deal in an oil proposition out west," she said.

Smith told her, she said, that Colonel Darden for years "has been trying to get through some leases some way through Washington, prior to this administration."

"If this isn't a pipe dream it may probably make us a lot of money," she said Smith told her.

"Harry Daugherty and Jesse Smith put in \$2,400 apiece," she reiterated.

Senator Wheeler went back to the Carpentier-Dempsey fight films. Miss Stinson said the proposition was that transportation of the films was a legal violation that if the films could be transported without prosecution, "they" were to receive \$180,000.

"Whether that was ever consummated I do not know."

Mr. Smith told her Daugherty would see there was no prosecution. "That was the deal," she said.

Certain "picture companies" unnamed she said, "were to be in negotiation with Smith, he told her, in reply to question she said Smith was to "go-between" for the attorney general and picture companies.

**SPAIN FLOODS GERMANY WITH CARS OF ORANGES**

HAMBURG — Spain is flooding Germany with oranges since the mark was stabilized; on some days as many as 100 carloads of the fruit leave this city for distribution throughout the republic. The vessels from Spain are unloaded here, and orange auctions are held four times a week in Berlin. The fruit sells at retail for from 20 to 50 cents a dozen, as compared to a price range of 60 cents to \$1.00 a dozen for apples from the northwest of the United States.

Eggs from China and Egypt also are coming into Germany in large quantities. From the latter country they are brought as ballast in German steamers calling at Suez. The prices on the import range in the neighborhood of 35 cents a dozen retail. While the foreign eggs are far from fresh, and are used chiefly by bakers and in the industries, their importation has had the result of keeping down the price of local eggs, which now sell for 60 cents a dozen.

The eggs from Egypt are small, and are characterized by soft shells.

## HUSBAND CALLED HER NAMES

Wife Says Mate Applied "Liar" and "Fool" to Her

Mrs. Bernice Bourk, 21, plaintiff in an action to divorce Charles P. Bourk, 214 W. McKibben-st., laid bare her version of their four year stormy marital voyage in common pleas court Friday.

She was the first witness to testify in the suit, which "disappointed a large throng of spectators, by failing to prove as sensational as they had hoped for."

Little Patricia Claire Bourk, 3, for whose custody both parents are fighting, was with her mother, but was carried out of the courtroom by her grandfather when the trial commenced.

Mrs. Bourk testified that she had been largely forced to support herself and baby during her married life with the defendant.

Mrs. Bourk testified that Bourk had called her various names, the mildest of which were "a d—m fool" and "a d—n liar."

"You are a disruptive skunk," he is alleged to have once called her. He also called her a "fool" with a profane prefix, she said.

Mrs. Bourk testified that on March 23, 1923, a girl friend came to stay over night with her.

During the night, she said, Bourk called her downstairs, sat her down in a chair, and with a great deal of profanity charged her with being out with another man.

"By G—d, I'll kill you," she said he threatened, "if you don't do as I want from now on."

She then related how Bourk entered her sleeping room, disrobed and got in bed with her and her friend. He was intoxicated, she said.

**2 MEN ARRESTED**

Charge of Placing Bomb is Filed

LOS ANGELES — Joe J. Lanitt, 52, business man, and Frederick Tate, explosives expert, were arrested last night while they were alleged to have been placing a bomb under the building occupied by Mrs. Josephine Lanitt, Mrs. Dorothy Reutler, her mother, and the latter's son Edward G. Reutler.

Lanitt confessed, according to officers, that he had arranged the bombing, hoping to dispose of his estranged wife and obtain the \$50,000 estate and the \$150,000 fortune of her mother.

**OHIO TOWNS AFFECTED BY CHANGE IN TIME**

COLUMBUS — Other Central Ohio towns as well as Columbus are affected by the interstate commerce commission ruling yesterday placing this city in the Eastern time zone. Columbus clocks will be turned ahead March 30.

Beginning at Toledo, the new line established by the commission follows the eastern division of the Toledo and Ohio Central branch to Fostoria and thence west of Carey, Upper Sandusky, Marion, Delaware, Columbus, Lancaster, Logan, Dundas and Gallipolis. Railroads affected by the order are the Big Four which will operate from Columbus to Cleveland on Eastern time; the Baltimore and Ohio and Pennsylvania lines east of Columbus.

West of the city, these roads will arrange their schedules on Central time.

**YELLOW TAGS DECORATE PUPILS LAX ON SPEECH**

CLARKSBURG, W. Va. — The English classes of the Washington Irving High school recently conducted a campaign known as "Better Speech Week" to improve the grammar used by the student body.

Everybody watched everybody and those who were careless enough to let slip "I seen," "I don't know nothing" or any other offense against good grammar were hastily decorated with red, blue or yellow tags.

Sponsors of the movement announced a hurry call for more tags before the week was half over.

**FATALLY INJURED**

CANTON — Lamare Kael, 40, was fatally injured this morning when struck by an automobile while walking on the Canton-Massillon road.

**Use News Want Ads For Results**

## RADIO QUEEN

Miss Mathilda Brooks of Cincinnati, O., was declared winner in the first beauty contest ever staged by radio. Fans thruout the country picked her from a list of four contestants whose individual charms were flashed thru the air. Voting was done by telegram.

Nomad fraternity will give a leap year dance Friday evening at Moose temple for their friends and new members.

## BLANK PISTOL BARRAGE IS NEW BURGLAR ALARM

CHICAGO — An automatic burglar alarm for banks which fires blank cartridges simultaneously in all the money cages and from the direction of all doors, is among the protective devices under test in the laboratories of the National Board of Fire Underwriters.

Rapid fire automatic pistols set off by push buttons distributed thruout the bank constitute the alarm feature of the system. The theory of the inventor is that the fusillade will put the bandits to flight.

The mechanism, housed in a small steel box beneath the tellers' window, is operated on the cartridge belt principle of the machine gun. As many firing boxes as are desired may be installed, and the trigger buttons may be distributed to every employee.

Improvements to make the device fool proof thru perfection will prevent its being loaded with genuine bullets, are suggested by the underwriters. Without this, it is pointed out, over cautious bankers might so charge the system, as to endanger the lives of the bank patron.

**JAPS DISPLAY PRODUCTS**

TOKIO — A large display of the products of certain Japanese industries has been collected by the department of agriculture and commerce for display at the international commercial museum to open in San Francisco in April. The collection includes metal work, porcelain, lacquer, pearls, Japanese textiles, woodwork and bamboo manufactures. Officials of the department will accompany the display to the United States.

## GRATEFUL PARENTS POUR OUT THANKS TO TANLAC

The value of Tanlac as a family medicine and tonic is again very forcibly demonstrated. This time in the home of Mr. and Mrs. Joseph E. Kaake, 2436 Kirby Ave., West, Detroit, Mich., where father and mother and every member of the family have been benefited by the wholesome and helpful ingredients of the famous preparation.

Recently, in speaking of herself and children, Mrs. Kaake said: "For more than a year our three little ones—John, age 6, Elwyn, 4, and Marguerite, 2—had been so peaked and lifeless that we were seriously worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless, and during the day they would just noope around, taking no interest in play or anything else."

"They began to eat and sleep better almost from the first dose of Tanlac, and have picked up now until you couldn't find three healthier or more active children in all Detroit. They eat ravenously, the color of health has returned to their cheeks, and they just wanted to be on the go all the time. I have also taken Tanlac to build me up, and it never seems to fail."

"As to my personal experience with Tanlac," said Mr. Kaake, "I simply can't express in words the great help it gave me. About a

year ago I was a victim of boils, actually having fifty-one on me, and was so plagued that I couldn't do a bit of work for weeks. My suffering was almost unbearable. I cared little for food, suffered with severe headaches and stomach pains, and got so weak and nervous that I felt discouraged."

"Tanlac corrected my stomach disorders, woke up my appetite, cleansed my blood and toned up my system so that the boils went away, and nothing of the kind has bothered me since. I have gained 25 lbs., and I eat, sleep and feel like a brand new man. We have given Tanlac a fair trial and found it wonderful, and if anyone doubts our statement they can write personally. We wouldn't think of being without Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills. adv.

# DUCHESS AT HOME IN COMMONS

Scotland's Woman M. P. Saw Service in Two Wars

LONDON — Rubbing elbows with the aristocracy is nothing new in the life of the Duchess of Atholl, who, from the angle of aristocracy out-looks all the other members of the new house of commons. The wife of a soldier, she nursed the wounded near the Boers in South Africa and the most recent war.

At home in Scotland she has a good education and, thru her social welfare activities during many years, has gained the reputation of being a sincere friend of the "under class."

The duchess, like Lady Astor, is petite and has a similar penchant for pearls to adorn the neck. But she is not so vivacious as the Virginia-born viscountess. For one thing she is older. She was born 4 years ago, the eldest daughter of a Scottish knight, Sir James H. Hunter.

A few months after her marriage in 1899 to John George Stewart Murray, eldest surviving son of the Duke of Atholl, the Boer war began. Her husband was ordered out and the next June she followed him to South Africa. There she ministered to the hospitalized "tommy" and was especially kind to the Scottish Horse, and irregular corps raised by her husband, then a marquis, in South Africa.

Returning from the war, the duchess began writing "The Military History of Perthshire," which she did with such thoroughness that it required five years to complete the two volumes. In the World War she followed her husband again, this time to Gallipoli with the Scottish Horse, and then to Egypt, where she aided in Red Cross activities.

Despite her work as a leading member of the Perthshire Education Authority and her labors with the poor of the highlands and lowlands, and the organizing of nursing association throughout Perthshire, which embraces more than 1,600 square miles, the duchess dipped into politics in the elections of January and December, 1910, when the Marquess

of Tullibardine contested the constituency, who was his chief of staff, speaking and canvassing almost daily. This year, when she stood for Parliament herself, she got in by the slim majority of 500 in a district that has 25,000 voters. But her performance was very notable, not only because for the first time it broke thru the traditional Scottish opposition to women in politics, but because she brought her constituency over to conservatism, turning out a liberal, who had been returned "unopposed" in the election of 1922.

# PYORRHEA

A Dentist Declares

"The results I obtained from the use of Jo-Vex for pyorrhea were almost unbelievable."

A Cleveland dentist wrote the above, but for ethical reasons does not care to have his name mentioned although we have it on file.

Another Cleveland dentist writes, "I have not used it in a single case without getting more than satisfactory results."

Get a six ounce bottle of Jo-Vex at Hunter's and Enterprise Drug Stores or any good druggist if you want your sore, bleeding receding gums to quickly become firm and healthy and your loose teeth to tighten. It is guaranteed. It hasn't failed yet.

# Says—Now Stiff Joints Must Go!

New Discovery Limbers 'Em Up and Even the Creaking Ceases

Yes; it's true—the world progresses.

All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspapers and go to bed.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street, just to show the neighbors that you are not as old as they think you are."

Joint-Ease they call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint-Ease succeeds.

It's a good name for a good, clean, stainless prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint-Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger, and for that purpose its sale is immense.

Green's Public Drug Store, Hunter's Drug Stores and Argonne Drug Store have a big supply of it and druggists everywhere report a big demand.

## ARTICLES RELATE CITY'S HISTORY

D. T. & I. News Sees Lima as Friend of Railroads

STRIDES SINCE 1854 TRACED

How People Raised \$100,000 For First Line Recalled

Importance of Lima as a railroad center is stressed in the Feb. 15 issue of the D. T. & I. News. In an article, "Lima, Railroads' Friend, Becomes Center of Progress."

The article follows the growth of Lima industrially and commercially from 1854 when the population was 755 to 1924 with a 50,000 population. It relates the history of the first railroad and the development of the city to its present importance with railroads radiating in 12 different directions. This establishes the city as a trading center for a radius of 35 miles and draws an urban shopping population of 218,000.

SEVEN PICTURES  
Seven photographs, depicting the library, courthouse, a business block, the D. T. & I. station, the loco works and two street scenes accompanying the article which is herewith reprinted.

Railroads and Lima, Ohio, have unusually strong ties of friendship. Each has helped the other to mutual prosperity and growth. In 1854, when Lima's population was 755, when the people raised \$100,000 to aid the establishment of the first rail and through the northeastern section of the state. The same progressive spirit has since been shown repeatedly. Now, with five railroads and three interurban electric lines this city has a population of 52,000 and is widely noted as a center for manufacture of railroad equipment. The business man of Lima will tell you that the rapid strides the municipality is making in commerce and industry are due in great part to the co-operation of the railroads because of their faith in the good will of the populace. And the railroads are ready to give Lima much credit for their present assets in the surrounding territory.

GROWTH IN DECADE  
Lima's growth in the last decade, an increase in population of more than forty per cent, and its progress under an efficient commission manager form of government are examples other cities may well seek to follow. An analysis of the policies responsible for the substantial growth in example of investing now for future returns.

Just why Lima was founded where it is 30 miles south of Toledo, on the un navigable Ottawa River, has puzzled students of the city's progress. The reason possibly is because several old Indian trails had their junction point there. Factors contributing to the subsequent growth such as oil deposits, natural gas, hardwood forests and fertile farm land could hardly have influenced the choice at that time. Allen-co of which Lima is the county seat was established in 1820 when scarcely a white person lived in the region. About 11 years later, approximately a half-dozen families were living in pioneer log cabins on the site of the present downtown section and steps were taken to lay out a town. For the next ten years Lima existed as a village in the woods. It was fully organized and a mayor elected.

EARLY HISTORY  
Lima's early history was like that of most villages in the northwest. Its growth was at first so slow that few more than 700 persons were living there for the census of 1850.

When the Fort Wayne & Indiana Railroad projected a line thru the territory a few years later, however, these people succeeded so forcefully in showing their desire to be on the new right-of-way that

original plans were changed to include the little community.

When the railroad was completed the town entered on a period of rapid growth. Four years later the Dayton & Michigan railroad, now a part of the Baltimore and Ohio System, was built. With this road came railroad shops which were Lima's first industry of any note. Then came other industries, and public-spirited men of Lima awakened to possibilities ahead, giving aid which attracted still more. Among these was the Lima machine shops which has developed into the internationally known Lima Locomotive Works. In 1870 the Lake Erie & Western Railroad, now a part of the New York Central Lines, was extended to Lima and in 1882 the Chicago & Erie Railroad, now a part of the Erie system, inaugurated service. With these activities came machine shops and round-houses which resulted in a population increase to 12,000 in 1882.

INVESTED WISELY  
The citizens invested wisely for future returns in these enterprises. In addition to the \$100,000 raised for the first railroad, the city and county contributed \$50,000 for its second railroad \$25,000 for the first shops and subsequently sums ranging from \$50,000 to \$80,000 for different industries. Despite these gifts, Lima had a municipal debt of less than \$100,000 during that period.

Two more railroads were opened into Lima in 1882 and 1894, marking the beginning of another period of greatly accelerated growth. These were the Ohio Southern Railroad from Lima south to Wellston, Ohio, and the Detroit & Lima Northern railroad from Lima north to Detroit. The former opened a route from Chicago to Southeastern United States shorter than any other. It opened southeastern Ohio to the north and west, bringing a large amount of commerce to Lima as its terminus.

The Detroit & Lima Northern railroad entered into competition with the Cincinnati, Hamilton & Dayton railroad, resulting in reduced rates and better service. At that time, competition was far more essential to good service than now because there were few government restrictions.

ROADS COMBINE  
The Ohio Southern and the Detroit, Lima & Northern railroads were combined in 1902 as part of the Detroit, Toledo & Ironton Railroad. Through this service and better connections were provided and Lima was further benefited.

Railroads now radiate from Lima 12 different directions, establishing the city as a center of commercial activities for a radius of 35 miles with an urban population of 218,000. Most of these people do their shopping in Lima.

The thrift principles and the investing habit shown in the strong financial condition of the six banks and building and loan associations which have combined resources of \$51,000,000.

While railroads yet constitute one of Lima's biggest industries, manufacturing activities in other lines are constantly growing greater. Motor trucks, jewelry, petroleum products stores and mechanics' tools are turned out in large quantities. Lima is situated just north of a great petroleum area which is bringing in great wealth. Coal and iron are made available economically by short freight hauls. Natural gas from near-by wells also is to be had.

HOLDS REPUTATION  
Lima has maintained a reputation for progressiveness, keeping well to the front among other cities in im-

provements. Its street railway system, electrified in 1888, was one of the first roads in the world to use electricity as motive power.

As far back as 1836 Lima had the distinction of having a newspaper published within its limits and from that time to the present one to half a dozen have been published. At present four papers occupy the field, two of which are dailies, the Lima Republican Gazette and the Lima Daily News.

The city has 13 school buildings including two large high schools which graduated 250 pupils last year. There are also three parochial schools and a business college.

A beautiful new library building built under the Carnegie plan is one of Lima's show spots. The County Building, built many years ago still stands as a fine example of civic architecture. The 25 churches include practically every denomination. A large municipal auditorium is available for conventions and concerts. It seats 1,689 persons. The municipal waterworks includes an elaborate filtration plant. There are six high-class hotels in the city, five hospitals, 100 factory buildings, 10 theaters, a Y. M. C. A. and a Y. W. C. A.

Lima's present status as one of the liveliest towns of its size in the country is a testimonial to citizens who invested wisely and played fair, particularly with the railroads. A continuance of these principles is sure to mean a progressively larger and better city.

PLASTER PARIS PANCAKES EATEN BY PROMINENT MAN

CORNING, N. Y. — Plaster paris pancakes was the menu Samuel L. Smith, prominent Corning contractor, had for breakfast a day or two ago, and despite the fact that he ate four, he suffered no ill effects.

Mrs. Smith, in mixing the batter, dipped into a bag let in the flour by paper hangers recently, and the mistake was not discovered until Mrs. Smith's daughter noticed the peculiar taste. By this time Smith had devoured four. He went to a physician as a precautionary measure, but has not yet been bothered by his unusual meal.

NO EXTRA VACATION FOR FIREMEN, BINGHAM SAYS

City firemen have little chance of getting their requested 14 days vacation with pay if City Manager C. A. Bingham's recommendation has weight with city commissioners.

Manager Bingham believes the 31 days vacation enjoyed annually is sufficient and at commission meeting Monday night he will file an objection to the firemen's plea. Commissioner Harold Cunningham has also voiced his objection.

STRAW BAN HITS HATS

DEBILLY, Ireland recently adopted a regulation that no hay or straw could be imported from England, the purpose being to prevent the outbreak of the foot and mouth disease among horses and cattle. Straw is straw, even in the form of a straw hat, and English women and men saw their summer head coverings stop at the frontier. They protested, and reason prevailed. Now ladies' summer millinery and men's "boaters" may be brought into the country.

MOSCOW — Russia expects to harvest this year 3,500,000 pounds of cotton, or 50 per cent of her cotton requirements. This is an increase from 25 per cent harvested last year.

## ROOTERS ACCOMPANY CHAMPS TO COLUMBUS

DELPHOS — The following fans have accompanied the St. John's high regional basketball champions of this city to the tournament at Columbus: Frank Reimneyer, Thomas Geraman, Phillip Stummer, Jr., Jayce, Albert Haggemann, Arthur Treutman, Miles Shrack, Arthur Imber, Melonius Wahmhoff, Agnes Reimneyer, Frank Suerer, Mart Humphert, Gene Scherger, George Elm and Leonard Klear, and Don Judkins.

The first game for the locals will take place at the Ohio State gym at 5:30 p. m. Friday when they meet Indiana, champions of this district. In case the game is not completed by Saturday morning, the game will be held on Sunday at 2 p. m. at the final Saturday night.

MRS. KATHERINE MINZING, 90, DEAD AT DELPHOS

DELPHOS — Mrs. Katherine Minzing, 90, one of the oldest residents of Delphos, died Friday morning at her home three and a half miles south of Delphos, from pneumonia and infirmities of age.

Mrs. Minzing was born in Luesum, Germany, and came to this country when very young, settling in Allen-co.

Surviving are four daughters, Minnie and Katherine Minzing, and Mrs. Joseph Potter, all of Delphos; and Pauline Krantz of St. Wayne; two sons, Fred and Clifford Minzing, also of Delphos. Nine grandchildren and eight great-grandchildren are also left.

Funeral services will be held Tuesday at 9 a. m., at St. John's Catholic church. Burial will be in the church cemetery.

SHORT COMMUTATION IN MAIL CASE IS ALLOWED

WASHINGTON — President Coolidge has commuted the sentences of Dr. Edward A. Rumely and two other defendants who were convicted under war-time laws in connection with the purchase of the New York Evening Mail by the German government from one year and one day to one year.

This short commutation of the sentence was directed by the president, in order that the defendants could be sent to the West Chester, N. Y., penitentiary, instead of the Atlanta penitentiary, where it was first planned to send them.

The Westchester prison accepts prisoners for sentence only up to one year.

Miss Charlotte Bassett, county school nurse, finished her work at Lafayette Wednesday. She examined 131 grade pupils and 100 high school students.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable  
If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthio-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Menthio-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

## VAN WERT BRIEFS

Motions to file petitions in error were allowed by Common Pleas Judge H. W. Blachly in the liquor cases against George L. Miller, Earl Stripes, Orville Thomas, Walter Miller, Forrest Thomas and George Giesse. Each of the men was fined \$100 to \$150 in Mayor H. A. Lee's court. The arguments in the case are to be heard, March 27.

Mrs. Alice Clifton, 55, wife of Noah Clifton of North Walnut-st., died Thursday night of apoplexy. Death came rather suddenly altho she had been ill for a few days and had been in feeble health for a number of years. Funeral arrangements are not completed but services probably will be held Saturday.

The prize-winning Van Wert Elated-sing male quartet has been engaged to sing May 28 at Bryan, Ohio, at the commencement exercises of the schools.

The Lima Trust Co., has filed an answer and cross-petition to sell property on E. Crawford-st. in answer to a suit filed by the Shawnee Finance Co. against R. J. Evans, Effie Evans and the Lima Trust Co. Notes totaling \$709 are given as evidence.

JEFFERSON HIGH SCHOOL HAS VARIED PROGRAM

DELPHOS — Two debates, a play and a monologue and musical solos featured the Jefferson High school program presented at the auditorium at the school Friday afternoon. The program:

Debate: affirmative, Dorothy Huysman, captain, Harold Kemper, Charles Horine; negative, Kenneth Schumaker, captain, Charles Garna, Anna Rosner; play, "Old Time Visitors," Irma Barlington, Harriet Bachman, Georgia Jager, Kenneth Schumaker, Charles Horine, Paul Bryan, Harold Askins; monologue, "Wizard of Words," Herbert Howe; music, recitation, Charles Cross; vocal solos, Eleanor Redd and Ethel Stern; recitation, Francis Laman.

The next program will be composed of members of the junior class only.

## COLD MEETS

DELPHOS — The first bi-weekly dinner meeting of the Delphos Business Women's club was held Wednesday at 7 p. m. at the Beckman Hotel. A delegation of ladies from the Van Wert club were present, and each made a few remarks. Mrs. A. E. Wenger was appointed chairman and Mrs. T. F. Snyder and Mrs. Rose Fast members of the program committee.

JACOB BRENNEMAN BURIED  
DELPHOS — Funeral services for Jacob Brennenman, 75, veteran who died at his home east of Elida, Wednesday, were held Friday at 10 a. m. at Salem church, and interment was in Salem cemetery.

**WALSH ILL, OIL QUIZ HALTED**

Senator Confined to Home Because of Heavy Cold

MISSING WITNESS SOUGHT

U. S. Marshals Will Hunt Oil Company Official

WASHINGTON — (Associated Press) — Plans for today's hearing by the oil committee was suddenly cancelled because of the illness of Senator Walsh, the committee prosecutor.

The hearings will be resumed on Tuesday but there has been no decision as to what line of evidence will be examined next.

Senator Walsh has been suffering from a cold and will be confined to his apartment for a few days.

WASHINGTON — (United Press) — A strangely missing witness occupied the center of attention in the oil scandal inquiry today.

Senator Thomas J. Walsh, chief of the senate prosecutors issued an order for a nation-wide search by United States marshals to bring James G. Darden of the Mutual Oil Co. before the committee.

A subpoena was issued for Darden nearly three weeks ago, but process servers in half a dozen cities have been unable to locate him.

Additional importance has been added to his disappearance by recent developments. The committee now is anxious to ascertain from him just what if any official pressure he brought to bear to protect certain claims to Teapot Dome.

MAY BE "FRIEND"

Intimations have been given the committee that he is "the friend" of the late President Harding, who attempted to restrain the dispatch of marines to the naval oil reserve in August, 1922.

The Daugherty investigation committee learned from Roxie Stinson, divorced wife of the late Jess Smith, that Darden was a good friend of Attorney General Daugherty and that Smith had informed her of "some deal" between them to exploit the government oil lands.

The committee in open session today went into three angles of the investigation, summoning to the stand:

1—Federal trade commission accountants to report results of their three-weeks' examination of brokers' books and reveal the full extent of oil stock speculations by Daugherty and Senator Davis Elkins.

2—Price McKinney, friend of former Secretary of the Interior Fall, to ascertain if Fall approached him first regarding the loan of \$100,000 finally obtained from E. L. Doheny.

3—Henry Woodhouse, New York writer, said to have obtained information that the British government was receiving some of the royalty oil from the California reserves thru Doheny.

Mr. and Mrs. T. J. Gorman and family, N. West-st, left Thursday for Cincinnati, where they will attend the ordination of their son, Rev. Raymond Gorman, to the Holy Priesthood at St. Mary's Seminary, Norwood.

**ARMY TO ENTER THREE TEAMS IN BALLOON RACE**

WASHINGTON — The army air service will enter three teams in the national elimination balloon race which starts from San Antonio, Texas, April 23.

The teams, designated today, are:

Number 1, Major Norman W. Peck, pilot and Lieutenant R. E. Robillard, aid; number 2, Captain E. W. Hill and Lieutenant James F. Powell; and number 3, Lieutenant A. C. McKinley and Lieutenant Lawrence A. Lawson.

Mr. and Mrs. Joseph Ackerman, of Olmedo-apts, announce the birth of a son at St. Rita's hospital.

## 99 ARE INDICTED AT HERRIN

Action by Grand Jury is Outgrowth of Rioting

CITY OFFICIALS INCLUDED

55 Counts Returned Against Glenn Young, Dry Worker

HERRIN, Ill., Feb. 28.—A grand jury yesterday returned ninety-nine indictments after a nine-day investigation of the killing of Constable Charles Carter, the shooting of George Jackson, a deputy sheriff, and shooting and rioting at the Herrin city hospital the night of February 15.

"Approximately commencing with the eighth day of February, when might be termed a 'day of terror' existed as a result of acts of oppression and persecution by the so-called Ku Klux Klan, which resulted in some measures of retaliation by an anti-Klan order known as Knights of the Flaming Cross," the grand jury reported.

**LEADER INDICTED**  
S. Glenn Young, dry worker and paid leader of the Ku Klux Klan in liquor raids which preceded the trouble, was indicted on fifty-five counts. Of him the grand jury report said "Young, who is not a citizen of the Williamson-co., assumed to take over the government of the city of Herrin by unlawfully deposing and imprisoning the mayor or other officials."

Others indicted included Sam Stearns, exalted cyclops of the Klan at Marion and chairman of the board of commissioners; Carl Neilson, exalted cyclops of the Klan at Herrin; Arlie O. Boswell, former attorney for Young and head of the Marion Post of the American Legion; John Ford, chief of police of Herrin; Harold Crain, Albert Jones and Sam Stephens, policemen; and Abe Hicks, police magistrate of Herrin.

None of those indicted has been arrested.

The jury commended the action of George Galligan, sheriff of Williamson-co., for calling for troops to "relieve the unbearable situation."

**LONDON PLANS WORLD'S GREATEST AIR TERMINAL**

LONDON.—A great empire air terminal is to supplant the already inadequate aerodrome at Croydon. It is estimated that the new structure, or rather structures, will cost \$7,500,000 and make Croydon the best equipped airport in the world.

When the aerodrome was first established, there were 6,000 air travelers. In 1923 there were 17,500. This present terminal air-station, and also the new one contemplated, are, together with the provision of lighting, wireless and meteorological services, in the hands of the government, as represented by the air ministry.

Commercial flying on the continent, as well as in England, has increased to a degree inconceivable in the United States.

**DUKE SEES LIGHT CRAFT GREAT AVIATION FACTOR**

CAMBRIDGE.—Lecturing to the University Aeronautical Society, the Duke of Sutherland expressed the belief that light airplanes will prove themselves a wonderful new factor in aviation.

The Duke paid a tribute to the American air mail and its "wonderful development" of service across the states, and told his hearers that the United States was "undoubtedly ahead of us in regard to high speed."

Referring to the construction of the Shenandoah and her safe return after breaking away from its mast, the duke said: "That was a performance of which they might well be proud, and a sufficient answer to those who said that airships could never be made safe."

## RUSSIA PRODUCES FILM OF CZAR AND PRISONERS FOR EXHIBITION IN U. S.

MOSCOW.—Russia has just completed a film that is expected to make a hit in the United States. It has been filmed on historic ground—the Winter Palace, the Hermitage and the Peter and Paul prison at Leningrad (formerly Petrograd). The palace and prison furnished the settings. Historical costumes were

used and the film is the title of "The Czar and His Prisoners." It is produced by the Soviet Union Cinema Co. of Leningrad. The main story is that of Alexander II, the czar, who was killed by revolutionaries. The film shows the czar's life, his imprisonment, and his execution. It is a historical drama of great interest.

Another historical figure is the

famous revolutionary, Sergei Nechaev, who was extradited by Switzerland and sentenced to twenty years imprisonment. Before he is put into the prison he is exhibited on an open square, chained to the pillar, and a shield bearing the word "murderer" hung around his neck.

"Down with the czar. On this very spot a guillotine will be erected for Alexander II," he cries. Nechaev gets the wardens on his side and they make good his escape, but on the very last day before the planned flight, he is detected, whereupon he cuts his veins with a piece of glass, and dies.

The various fruitless attempts to assassinate the czar are shown in

the film, until at last he is killed by a bomb and Alexander III takes his place.

(EDITOR'S NOTE: Just how the film will get past the censors in the United States is not made clear in the above story.)

**TURKS BAN FOREIGN BOATS**  
CONSTANTINOPLE.—Motor launches and houseboats belonging to foreigners have been prohibited from operating in Turkish waters in accordance with the Angora law restricting foreign ships. Americans have asked the captain of the port to permit their launches and houseboats to sail in the Golden Horn and in the Bosphorus.

## NUMBER OF MOUNTAIN SHEEP PROVES SURPRISE

TONOPAH, Nev.—A herd of 70 mountain sheep was discovered recently by F. M. Rapp, a mining engineer while prospecting in the Silver Peak range. While it was known that mountain sheep inhabited this territory it was not believed they were so numerous. Contrary to popular belief, Rapp said they take to sheer cliffs only when danger threatens. At other times they stay on the gentler slopes of the higher mountains. Plans are being made to bring an expert hunter to Nevada next summer to exterminate the cougar, the

greatest enemy of the mountain sheep.

## Gained 10 Pounds in 22 Days

That's going some—but ask men, women and children just how they put on good, healthy flesh when they take McCoy's Cod Liver Oil Tablets.

As a shock-full of vitamins as meat, fishy-tasting cod liver oil itself, but these sugar-coated, tasteless tablets are as easy to take as candy, and won't upset the stomach. One woman gained ten pounds in twenty-two days. Sixty tablets a day. Ask Hunter's Drug Store or any druggist for McCoy's Cod Liver Oil Tablets. Directions and formula each box.

### Consult Your Mirror

# TAX CHECKS SENT TO TREASURERS

Distributed Throughout County Districts

LIMA TO HAVE 20 PERCENT

Shares From First Half Year's Receipts - Allotted

Checks more than \$1,000,000 are being mailed out to treasurers of the various taxing districts in Allegheny, by County Auditor C. R. Fisher.

The money represents their share of the taxes for the first half year's receipts in 1924. The total amount for distribution, including school money, is \$1,058,562.81.

Lima receives almost 20 per cent of the total for city expenses, and a larger amount for schools. The city's share of the taxes is \$201,000.64 for the city, and \$295,199.90 for school purposes.

The total amount distributed to various villages and other purposes in the county is \$541,000.32. Schools of the county obtain slightly larger amount, \$545,562.49.

The amount of taxes for other places in the county are: Richland-tp. \$4,294.37; Bluffton, \$6,149.66; Paderdam, \$1,339.10; Monroe-tp. \$400.21; Cairo, \$479.66; Sugar Creek, \$602.19; Marion-tp. \$5.00; Delphos, \$12,865.30; Spencer-tp. \$7,393.54; Spencer-tp. \$2.00; Amanda-tp. \$4,103.85; American-tp. \$3,328.75; Elida, \$1.00; Bath-tp. \$7,038.04; Jackson-tp. \$2,694.70; Lafayette, \$667.20; Angalize-tp. \$3,641.68; Perry-tp.

\$4,273.68; Shawnee-tp. \$13,307.37; Harrod, \$93.81; State of Ohio, \$3,458.19; ditch, \$9,577.05; roads, \$3,449.73; maintenance and repair, \$6,032.52; health, \$2,462.14; compensation, \$3,838.13; elections, \$11,124.45.

Distribution of school money is in the following amounts: Richland-tp. \$10,713.16; Bluffton, \$21,569.44; Beaverdam, \$5,470.84; Monroe-tp. \$6,682.89; Cairo, \$4,167.32; Sugar Creek-tp. \$9,593.27; Marion-tp. \$11,165.62; Delphos, \$26,845.29; Spencer-tp. \$2,984.75; Spencer-tp. \$11,517.16; Amanda-tp. \$9,215.95; American-tp. \$10,719.83; Elida, \$6.75; Bath-tp. \$12,573.84; Jackson-tp. \$3,757.79; Lafayette, \$7,686.24; Angalize-tp. \$11,749.68; Westminster, \$1,001.81; Perry-tp.

\$7,564.25; Perry special, \$2,458.84; Shawnee-tp. \$21,159.75; Landeck, \$1,445.85.

## TWO MEN ARRESTED ON BOMBING CHARGE

MARQUETTE, Mich. -Two children were burned to death when fire destroyed a house near here yesterday.

The victims are Kathleen McNerney, four, and Donald McNerney, 18 months, children of Mr. and Mrs. Charles McNerney.

## LIMA YOUTH TAKING PART IN MARINE MANEUVERS

Robert E. Bigelow, son of Mrs. Luella Bigelow, 413 E. McKibben-st., is now with a detachment of U. S. Marines in the West Indies, taking part in maneuver forces in the Caribbean.

Robert joined the Marine Corps at Lima, Sept. 24, 1923, and is now with Headquarters company, 10th regiment, on the island of Culobra. He will return to his regular station, Quantico, Va., when the maneuvers are over.

## HANGS SELF

KENMORE, Ohio—Roscoe G. Irons, 40, committed suicide by hanging himself to a bed post with the strap of a Boy Scout knapsack.

## MOTHER!

Child's Best Laxative is "California" Fig Syrup

Hurry Mother! Even a bilious, constipated, feverish child loves the pleasant taste of "California" Fig Syrup and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow.

Ask your druggist for genuine "California" Fig Syrup which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. adv.

## New Healing Clay

Better Than Salves FOR CUTS AND BURNS

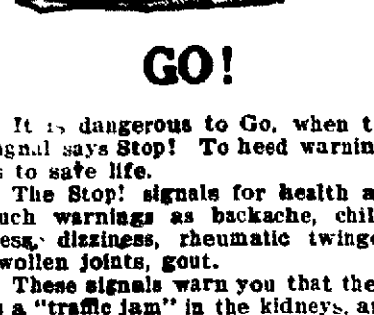

Especially where there are children around

Imagine it! Healing a cut, scratch, gash, or sore without it smarting, stinging or burning, using no messy, bothersome bandage or having it bleed and bleed. Thousands of mothers are doing this very thing every day and avoiding a lot of nuisance and worry from children who have been hurt in one of a hundred ways.

Simply apply Becker's Healing Clay to the sore spot. Cover it well. It does not hurt a bit, but feels cooling and soothing and immediately draws out the inflammation. Because it is antiseptic it prevents infection and being porous air gets to the sore and it heals twice as fast as with ordinary greasy salves and bandages.

Becker's Healing Clay is a pure white natural healer—a remedy which is like the stand-bys in European families for generations. Recommended specially for all mothers and general household use by Hantner's Drug Stores, Argonne Drug Store, Mykranitz Co. and other good druggists who will refund money if you are not satisfied. Greatest healer of all for burns says one mother. adv.

## STOP!

## GO!

It is dangerous to Go, when the signal says Stop! To heed warnings is to save life.

The Stop! signals for health are such warnings as backache, chilliness, dizziness, rheumatic twinges, swollen joints, gout.

These signals warn you that there is a "traffic jam" in the kidneys, and the "Go" signal can't be utilized until the clogging poisons (uric acid, mostly) are flushed out.

Drinking a glass of hot water each morning is effective and before each meal take an An-uric tablet (anti-uric acid).

Step into any drug store and obtain An-uric tablets, discovered by Dr. Pierce, Pres. and made at the famous Invalids Hotel, Buffalo, N. Y. Or, send Dr. Pierce 10c for a trial package. adv.

# Sam'l G. Blattner

229-231 S. MAIN ST.

The Store That Is Run by Reason—Not Rule

**WIRING SEEN AS FIRE CAUSE**  
Structure Swept, Then Home Blaze Starts Same Way  
LOSS IS \$5,000 TO \$10,000

**Business Block Flames Fought for Hour and Half**

Defective wiring is blamed, for two fires early Thursday morning, one at the brick structure, 112 N. Spring-st., occupied by the Fred Moore restaurant and the Dorsey Feed Co. The other was at the home of Joseph Goebel, 514 N. Metcalf-st.

Damage to the Dorsey Feed Store and Goebel's restaurant is estimated between \$5,000 and \$10,000. The extent of the loss caused by the blaze and water will not be known until a check is made.

Firemen were not called until 5 a. m. On arriving, they discovered the entire interior of the building had been consumed. The blaze had started on the second floor, and was burning among the hay.

Chief Mack stated the fire must have started long before they were summoned, as the entire interior was full of smoke and the blaze had gained much headway.

Four lines of hose were laid, and played on the blaze for fully one hour and a half before it was smothered out.

The fire started between restaurant and feed store in the basement room bad wiring, Chief Mack said. The damage to the restaurant is estimated at about \$1,000.

After returning to the station the firemen were again called out. This time to the home of Joseph Goebel, 514 N. Metcalf-st. Defective electric wires in the attic were the cause of the blaze, Chief Mack said.

Damage to the building and the furniture is estimated at about \$500. Most of the furniture was damaged by the water dripping from the attic to the room below.

**DARKE-LEADS STATE IN FARM BUREAU MEMBERS**

Darke-co Farm Bureau has replaced the organization in Montgomery for lead in total farm bureau membership, according to figures announced by the Ohio Farm Federation. Darke-co's latest report gives them a total membership of 1460, while Montgomery stands at approximately 1300.

Allen-co's farm bureau membership totals 117, H. J. Ridge, county agent, said Thursday.

**Watch your pimples vanish**  
Why? Pimple-Poison goes when Red-Blood-Cells increase! S. S. S. builds these Red-Blood-Cells!

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-Poison can't live in the red rivers of your blood as long as there are

Every woman, every man, can now have a face clear as a Rose-Petal! A face clear as a Rose-Petal! That is what you need when you see pimples staring at you in the mirror. Black-headed pimples are worse! Eczema is worse yet! You can try everything under the sun,--you'll find only one answer, more cell power in your blood! The tremendous results, produced by an increase in red blood-cells is one of the A. B. C's of medical science. Red-blood-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexion. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatic impurities, from that tired, exhausted, run-down feeling. Red blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1836, as one of the greatest blood-builders, blood-purifiers and system strengtheners ever produced. S. S. S. is sold in all good drug stores. The large bottle is more economical.

**HUNT SOUND SEED CORN AT ONCE RIDGE ADVISES**

By acting at once to locate sound seed corn, Allen-co farmers can fill their 1934 needs and so avert what happened in the spring of 1933. H. J. Ridge, county agent, said Thursday.

In 1933, after a winter much like the past one, Ohio farmers had to import thousands of bushels of good corn from other states. But if they get busy now and obtain good seed corn, their troubles will not be as bad this year as in 1933.

Corn in the northern counties of Ohio is of a poorer germinating quality than that of the southern part of the state but it is all poorer than it has been since 1918, says Ridge.

Allen-co corn shows an average of 50 percent of germinating ability, Ridge said. Germination tests run as high as 80 percent and as low as 20 percent.

Corn artificially dried and two-year old corn are the only corn of good seed quality.

**TRI-STATE WOOL POOL IS FORMED TO AID FARMERS**

Michigan wool growers will join with Ohio producers in cooperatively marketing their wool clip this season. A delegation of Michigan men investigated facilities for handling the wool in Ohio at a meeting with Ohio farm bureau officials last week in Columbus.

With the coming in of Michigan wool growers, a tri-state wool pool will have been formed. Already some Indiana wool growers have combined with the Ohio federation.

Allen-co wool growers, being a part of the Ohio organization, will automatically be members of the new three-state union.

The boarding home division of the child welfare association held a luncheon Friday noon at the Lima club. Miss Eleanor Emme, director of boarding homes, gave a report on the conference at Columbus.

**STREETS HAVE RIGHT OF WAY**

Traffic in These Thoroughfares Not to be Interrupted

Motorists driving on seven streets in Lima have right of way over traffic from intercepting streets.

Designated as state highways, the streets — Market, Metcalf, North, Jackson, Elm, Wayne and Main—are supposed to have uninterrupted travel with traffic from intercepting streets slowing down to momentary stops.

State laws holds these streets as part of important state highways and as important arteries of travel they are given precedent over other avenues of travel.

Signs have been erected on these streets by the police department and a careful watch is being maintained to eliminate accidents and also to prohibit violations of the state law.

**Insurance Man Tells of Friend's Recovery**

"He suffered considerably from gas in stomach and colic attacks, and at times was very yellow. His doctors diagnosed his ailments as gall bladder trouble and that an operation was necessary. Some one persuaded him to try Mayr's Wonderful Remedy. Since taking it one year ago he tells me he has been able to eat anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Hunter's drug stores and druggists everywhere. adv

**OHIO FARMERS USING COUNTY AGENT OFFICES**

Recent canvass of Ohio county farm agents' annual report shows that nearly 200,000 calls for help or advice were handled by the agents in 1933. This is an increase of 53 percent over the 1932 figure.

Here are some of the 1933 statistics: about 9,000 farmers bettered soil practices; 3,814 applied lime stone for the first time; 13,909 used fertilizers as recommended by county agents; 10,439 farmers improved their methods in cereal growing; 24,303 planted improved seed; 11,116 changed their practices in growing legumes.

The 1,112 Ohio poultrymen running demonstration farms in cooperation with the state university averaged about 130 eggs per hen, as against the state average of 70 eggs per hen. Allen-co demonstration farms averaged 130 eggs per hen.

**A Zenith Sale Is Complete**

only when the set is delivered, installed and you are thoroughly familiar with correct methods of operation. We make a point of calling on our customers even after they are efficient in operation, just to see if everything is in good working order so as to give MAXIMUM SERVICE.

**BE ASSURED OF GOOD FURNITURE AND GOOD VALUES**

**GOOD FURNITURE—WE SELL IT FOR LESS**  
When you start your home you will want to know about good furniture and you will want to know that you are getting 100 cents for every dollar. You will want to be assured of the quality and the service that the furniture will render. All folks do—we know that and we have built our business on that principle. It brings folks back time and again.

Many people are under the impression that all oil stoves are the same. That is because they have not seen the

**Red Star Detroit Vapor Oil Stove**

in operation; they have not seen its wonderful all cast iron burner—the burner with no wicks or wick substitutes—the burner that vaporizes kerosene or common coal oil into clean, odorless, fast-cooking gas; the burner that saves one-fourth in fuel. But when they DO see this remarkable Red Star Oil Stove they immediately become enthusiastic. Cooks and Bakes anything a gas range can. Investigate this stove and learn the money you can save.

# STATE RECEIVING BIDS ON PAVING

Bellefontaine-rd Proposals to be Opened Friday

Sealed proposals for the construction of approximately three and one-half miles of pavement on Bellefontaine-rd will be opened at 2 p. m. Friday in the office of L. A. Boulay, state highway director, Columbus.

Allen, commission engineer, Division of Engineering, and Charles A. H. president, engineering firm for consulting, are expected to be present at the letting.

Two types of construction are included in the bids. One is a full depth concrete base and another is a concrete base and asphalt surface.

The estimated cost of brick is \$11.12 and the cost of "Kyrre" is \$11.23 per 100.

Contractors will bid on grading and paving the highway.

The road is an extension of the three miles of macadam let by the state highway department last fall.

A 26-foot roadway is provided for with a paved section 16 feet wide. Contractors must agree to finish by Oct. 1.

# INTRUDER CAPTURED IN HOME AT CLEVELAND

CLEVELAND — A fifteen year old penniless boy, giving his name as Joseph Kaseka, who told police he had run away from his home in Windsor, Pa. last Wednesday, was captured in the dining room of a West Side home he had broken into early today, according to police. For some time the lad insisted to Police Sergeant John McCarthy he had only climbed in the window of the house to get warm. Later, however, according to McCarthy, he admitted he was out of money and thought he could get some in the room.

Since arriving here he had slept beside a bonfire at a dump each night, the boy told police. He is charged with delinquency.

GERMANY IS THRILLED BY NEW OIL GUSHER

HANOVER, Germany — Germany is enjoying a new thrill in the opening year here of an oil gusher which, according to the optimists, may help grease the wheels of reparation. The well is said to be pouring out 600,000 pounds of oil daily, which is considerably more than the yield of all the other wells in the country.

CHICAGO — Closing of the estate of Julius W. Lowenthal, former president of a securities company, has disclosed that he established at his death in 1915 a \$275,000 fund to reimburse investors for losses on bonds bought thru him. As it had remained intact it was ordered distributed to the widow and children.

Lowenthal, former president of a securities company, has disclosed that he established at his death in 1915 a \$275,000 fund to reimburse investors for losses on bonds bought thru him. As it had remained intact it was ordered distributed to the widow and children.

# KOPFF RELEASED

Charges Against Lima Man Withdrawn After Hearing

William J. Kopff, 100 E. Circular-st., was released by Sheriff J. L. Boyer, Logansport, Ind., when it was discovered that he was not the man the authorities were looking for.

It developed at the hearing that Kopff had left Logansport several hours before an automobile which he was charged with taking was stolen. All charges against him were dropped and he returned to Lima Friday morning.

# BOOK PEACE PLAN STIRS EUROPE

## Schemes to Prevent Wars Sprouting up Everywhere

BERLIN. — (United Press)—The peace plan competition has stepped up the imagination of Europe, and peace plans are now sprouting everywhere.

Germany, often accused of still being in a state of mind showing a vast interest in peace schemes.

This fact was proven in the recent visit of the reparations experts here. Daily their mail was filled with suggestions for establishing a real world peace. Some of the plans, however, were thoroughly considered men and women.

The proposals ran the gamut of League of Nations, International Court, Disarmament agreements and the like.

Germany has followed the deepest interest suggestions of the British Premier MacDonald for a new disarmament conference and has for a general readjustment of international war debts.

The visit of the experts here seemed to crystallize in the German population the realization that the world is to come to peace. And it has now become quite clear that Germany's laboring classes are fully cognizant of the fact that a considerable reparations sum must be paid, and that this will involve certain serious sacrifices for all classes.

The experts are known to have been favorably impressed with Dr. Schacht, the man who stabilized Germany's currency and who bids

fair to keep the money in sound channels hereafter.

The experts found him an intelligent man with honest motives. They did not agree in many respects with his plan for a gold bank note, but found that he with other government officials is striving for a real stability in Germany's monetary financial system.

The thought has grown in Germany that peace can be achieved. There are misgivings as to Poincaré's attitude, but the general feeling is that the inspection of Dawes' committee has marked the greatest real progress toward a peace solution that has been had since the war ended.

### Wearisome coughing—

need not be endured long. Dr. Bell's Pine-Tar Honey will stop it quickly by clearing away the heavy phlegm and reducing inflammation in your chest and throat. It combines just such modern medicines as your doctor prescribes with the soothing pine-tar honey that generations have relied upon to break up coughs. Keep Dr. Bell's on hand for all the family.

All druggists. Be sure to get the genuine.

## FEW HEAR MUSIC ACROSS OCEAN

Broadcasting Concert from London Disappointing to Americans

NEW YORK — (United Press)—Britain and America are but step-brothers as far as radio relations go, judging from the disappointing results accompanying the ambitious making of nine English radio stations which simultaneously broadcast music and a talk by Marconi last night.

Radio fans, throughout America, waited for the most part in vain, for strains of American popular songs played by the Orpheum band at the Savoy Hotel in London. Richard Temple, American representative to the international experiment, built a grand stand around his receiving set in the Ambassador hotel here and varied in anticipation.

The instrument didn't even sizzle as his guests Temple was finally compelled to send for a cable of Senator Marconi's opening address to furnish consolatory entertainment for the assemblage.

In spite of the "silent cooperation" of the American stations only a few persons in New York reported receiving the program clearly. From other sections of the country the particular piece "I Love You," came over most successfully.

WGY station at Schenectady during the latter part of the broadcast attempted to pick up the British music and re-broadcast it, but the attempt was a failure.

WJZ operated by the Radio Corporation of America reported at 11:45 p. m. that it had heard nothing of the London concert, although operators had listened from 6 p. m. to 11:30 p. m. (eastern time) the past designated.

The British radio interests had planned to circle the world, setting up receiving stations in Australia, China and other parts of the Far East. By the use of telephone wires, their broadcasting station in Britain was linked in a super-system of wireless energy.

## BETTER BE SAFE THAN BE SORRY

YOU can't get well by wishing. It's dangerous to say, "I guess I'll be all right in a few days." Don't merely hope that you'll get well—get back your health and strength through Gude's Pepto-Mangan.

This tried and true old tonic is one of the few remedies that has stood every test. It is a real tonic and blood enricher. It brings new color to the cheek, strength to the muscles and vitality to the whole body.

Get Gude's from your druggist—liquid or tablets—and begin to take it.

**Free Tablets** To see for yourself the health-building value of Gude's Pepto-Mangan, send for free booklet. M. J. Rosenbach Co., 63 Warren St., N. Y.

**Gude's Pepto-Mangan**  
Tonic and Blood Enricher

## Home Made Cough Mixture Considered Best

Spreads Over Membrane, Soothes, Heals and Stops Cough Almost Instantly.

### Costs But a Trifle

Make your own cough syrup in two minutes at home if you want the best. Simple coughs, or stubborn coughs, it doesn't matter which, this home made mixture will stop them quicker than any expensive cough syrup you can buy ready made.

It's fine for chest colds too and for acute nasal catarrh.

Get from any druggist one-ounce of Eucalypti (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it, and children like it.

Like a soothing, heating posset one costly substance in this home made cough mixture spreads itself completely over the membrane of the throat. This causes the most stubborn hang-over cough to cease almost instantly. No ordinary slow acting cough syrup contains this expensive ingredient.

And remember—any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Eucalypti and get better.

# Individually Smart, New Spring Coats and Wraps

Announcing a Special Display For Saturday--

Over 300 Spring Coats and Wraps Just Unpacked

To Be Shown For The First Time Saturday--In One of These Three Groups--Priced at

**\$25 \$39<sup>75</sup> \$59<sup>50</sup>**

Unquestionably the best values in Lima—including every new fabric of the season, in such an array of pretty Springtime shades and smart styles, that every woman who shops here Saturday will realize the advantage of choosing at this time—when selections afford "individual" choice. Many smart models in dress coats are here—and the new Topcoats for spring have youth written all over them!

(Apparel Section—2nd Floor)

## Dresses and Coats

For Women Who Require Larger Sizes

**\$25 \$39<sup>75</sup> \$45 \$59<sup>50</sup>**

Because it is early in the season, stocks are most complete and women who require large sizes will now find selections at their best—hence the advisability of choosing at this time.

In Coats, the most favored fabrics are the finest of Twills—soft Imported Sport Fabrics—and fine Velvety Bolivias, in every smart Springtime shade. The Dresses are of lovely new Silk Crepes, in plain colors and fashionable prints.

—Sizes 42 to 54—

## Individual Styles in Lovely New Frocks

FEATURING SEVERAL HUNDRED SMART SILK AND CLOTH DRESSES AT

**\$19<sup>75</sup> \$25 \$39<sup>75</sup> \$45**

In our desire to present unusual values, we offer for Saturday in the above "four" wonder groups of smart Springtime Frocks, styles of distinctive charm and individual fashions. Beautiful Spring creations—all new—slender, graceful types in the newest Spring colorings—For Misses and Women. Never have we seen Frocks combining such elegance, distinction and simplicity—with an indescribable Spring charm.

(Apparel Section—2nd Floor)

## "Character" Hats

In The Many New Spring Styles at

**\$7<sup>50</sup>**

Featuring tomorrow, new arrivals in exceedingly brilliant and ingenious styles—Each creation seeking to outdo the other in brilliancy of trimming. Flowers! Such armfuls of them. Tinsel ribbon—Velvet—Chiffon—Cellophane—and the witchery of lace or maline. Truly, a prediction of a gay Springtime.

Others at \$5 to \$25

(Millinery Dept.—2nd Floor)

## New Types in Smart Suit Blouses

Typically French are the new Suit Blouses—They make an appeal to the American love of Sport Clothes and will be worn this spring with every type of Suit. By all means make the blouse shop a stopping place when you come to see what is new and what will be worn, for Blouses unquestionably will determine whether a wardrobe meets the demands of fashion and utility this spring.

(Blouse Shop—2nd Floor)

## Man Tailored Suits

IN THE NEW "BOYISH" TYPE OR LONG TAILLEURED JACKET STYLES

**\$35 \$59<sup>50</sup> to \$125**

The unusual in Suits are presented here—scarcely a duplicate style is to be found, even in the most moderate price suits—tailored with trim severity that accentuates the boyishness of suit styles in which youth will swing down the avenue of spring—and being man-tailored they fit snug and hold their shape indefinitely—Every spring shade and pattern is here in all sizes.

## LIMA BEANE'S OPEN LETTERS

### To Attorney General Daugherty

DEAR HARRY: You could have escaped the unpleasantness of the testimony one from your home state is furnishing now. You could have resigned. You WILL resign sooner or later. The sooner the better for all concerned.

LIMA BEANE

### To Hospital Boosters

MY FRIENDS: It is really amusing for me to read the great effort necessary to the selection of that hospital site. Any of these wise realtors who build high-grade homes on a dollar down, and thereafter, should convince my city commission that financing a site is like stealing pennies from a blind newsboy.

My city has or will have \$600,000 to back up the site. In the right commercial location, such a building will guarantee any ground desired, east, north, south or west of public square. Chosen, too, with real estate acumen, it will do more. It will underwrite, if not guarantee the next city hospital, which is not over fifty, and probably 25 years hence. For, hospitals, like hotels, have an average life of just about a quarter century, then go out of date.

My taxpayers seem a keen unit on wanting this new hospital built. Sell the bonds, get the cash, and any country banker, to say nothing of such financial geniuses as Mitchell, Dean, Harris, Jones, Duffield & Co., could point out the way to get any desired site in town. Then start excavating the next week.

LIMA BEANE

### To Dr. Buchanan

DEAR DOC: Your school board still appears to be able to kick up a row now and then. I hope you like the job of running my schools. After you have served a few months you will, I predict, be amazed at the realization that sometimes we take ourselves too seriously.

LIMA BEANE

### To Home Builders

FRIENDS: Now is the time to be planning that new home. If you are going to build one, you will need more time than you ever imagined before the plans are ready for the contractor. If you are going to buy one already up, you will need considerable time to make your choice. There will be a big variety from which to choose. And you can do no better than by buying a little piece of Lima real estate.

LIMA BEANE

### To Dog Owners

HAVE you bought towser's annual gift yet? You don't want the poor fellow picked up by the dog catcher and impounded, perhaps to die, do you? Then buy his tag!

LIMA BEANE

### To My Children

DEAR CHILDREN: The time of year is near at hand when you will be playing marbles and indulging in other outdoor games. I certainly am in favor of these games that get you out into the open and I want you to make the most of them. There is one thing, however, that I want to caution you about—playing in the streets where you

are in danger of being injured. There is always a tendency when spring arrives for the youngsters who have been cooped up most of the winter to break loose and forget the automobiles that go whizzing by, some driven by incompetents and others by persons who don't care.

LIMA BEANE

### To Oil Scandal Probers

DEAR FRIENDS: I hear talk of an end of the work you have been engaged in. I hope this will not occur until you have gone to the bottom and exposed every bit of rottenness, no matter whom it may affect.

LIMA BEANE

### To Manager Bingham

DEAR GENERAL: Objection has been made to policemen erecting signs supplied by my auto club intended to direct automobile drivers. I note that some persons believe that this work is outside the general line of duty of policemen. I do not agree with them. Anything that tends to promote safety is a duty of a police officer, no matter when or where he may be needed. I think the men of my department will agree with me.

LIMA BEANE

### To Baseball Magnates

DEAR BOYS: I note that you are forming a baseball league in which I will have a part. I remember the good old days of Lee Fohl, Zeke Wrigley and some more of the old timers as well as many of the youngsters who "went up" and made good. I'm for the plan and will be glad to lend a helping hand.

LIMA BEANE

### To My Daughters

DEAR LADIES: The Spring Styles are in my shops in an abundant array. I must say they are the prettiest I have seen in many a year. And the prices are so reasonable. I'm certain you will enjoy a trip thru my stores.

LIMA BEANE

### To Traffic Policemen

GUARDIANS OF THE PEACE: I have noticed that our one-way alleys have become the best two way thoroughfares in the city. This despite the fact that they are plainly marked. You might watch conditions a little closer.

LIMA BEANE

### To P. W. Crawford

DEAR PAUL: Congratulations on being named president of the Ohio Valley Shoe Dealers' Association. That is not only an honor for you but for all of us. I understand you are planning greater things for shoe merchants in this district. Success to you.

LIMA BEANE

### To Men's Club, Christ Episcopal Church

DEAR FRIENDS: I thank you for bringing the great explorer, Roy Chapman Adams, to my city last night. I appreciated the lecture he gave and learned more about things a few million years ago than I believed possible. And the cause for which you brought him was equally commendable—that of aiding your church.

LIMA BEANE

## 'ROUND LIMA HOUR BY HOUR

WITH APOLOGIES

BY OH. OH. JACKENRIM  
A Page from the Diary of An Antiquated Reporter: Awake, betimes, in fair good humor. Below stairs, to find my wife, poor wretch, had gotten breakfast the night before. All needed was to turn the dollar gill on, under the noble

## ABE MARTIN

Mr. and Mrs. Artie Small have a new baby girl, and they're already saying "up 'n' get 'er in a school where she can't get out. One good thing about the screen—no git 'er in the same pictures that show in the

java pot. And the howl, on the other burner.

Out and betimes to the posto. Where, saluted by a cunning bit of stationery from the Pioneer Sisters, Inie and Enie, of the famous Little Chef tea room. In the metropolis of John Hancock's old farm, near Findlay. Inie and Enie would forsooth invited me over to the benediction wagon, and taste their food. As Enie puts it in her own words, "Albeit, you know you have never really eaten until you have partaken (Cop the language, regular Vassar stuff) of The Little Chef's food, prepared by the little chef herself." And they, Inie and Enie, enclosed a typewritten due bill. Good for two meals. When we can round up the tank for fifty miles of gas and oil, these due bills will be cashed.

Down thru the town, paying visits to several merchants. On whose lists from Chown, Jackenrims appear as good, if watched. Bot a necktie and some hayre pins. My wife wanting, really needing hayre pins since Christmas. So, being brave bot 'em for her and paid the bill.

Lunched, happily, alone. At the place where it says, tips not necessary but you'd better. Later, saw the incomparable Jimmie Morton, newly resigned from the BC. Soon to leave for Cristo Columbus's name sake.

To think that our old friend, Harry, was on the suckers' stock list. And that the senators 'herzaed de femme! It's interesting to watch the stenogs giving the old face a second coat, albeit, that's the way to save the wood.

In the public prints, 'tis to be inferred, wives are being barred from their dower. Which makes equal rights have some merits. Howbeit, husbands who are staying for the big show, are all aworry at this season. On how to get the new tyre and the easter bonnet in the same month. One is no good without the other.

Dined on a meal like Gray & King once put up at the old Lima House. The new chef mixing up a crabmeat cocktail for an appetizer and followed it with lamb, tender as Dutch love. And good ol' apple pie for the sweetie. In the evening then by the Fordtoilet, to The Faurot. There seeing "The Gingham Girl," clever and full of the milk of human kindness. Something which playwrights have not dipped their pens into much of late. Preferring twin beds and chemise, or cabarets and a millonaire's drunken con trying to ruin the pretty cigarette girl. The Gingham Girl was wholesome.

So, late home. And so, on a loganberry highball and pimento cheese sandwich, later to bed.

## AT A MAH JONGG PARTY

## LIMA NEWS HEALTH SERVICE

Signed letters pertaining to personal health and hygiene, not to disease diagnosis or treatment, will be answered by Dr. Brady, if a stamped, self-addressed envelope is enclosed. Letters should be brief, and written in ink. Address letters to Dr. William Brady, care of The News.

BY DR. WILLIAM BRADY

### THE PHYSIOLOGY OF LIME

Young animals which receive insufficient calcium (lime) are undersized, have poor appetite and poor nutrition, their bones are thin, pliable, deformed and fragile.

Calcium salts or food rich in calcium, such as orange juice or other fruit juice, will oppose or prevent acidosis, a state which occurs in cases of diabetes and other diseases and after prolonged fasting.

Of the three pounds of calcium (lime) in the body of an adult weighing 150 pounds, about 99 per cent is in the bones and teeth and one per cent in the muscles, blood and other tissue. Blood, by the way, is a tissue. The comparatively small amount of calcium in the blood—only 10 milligrams in 100 c. c. or approximately half a teaspoonful in the entire mass of blood does not coagulate or clot so promptly and the fluid or serum of the blood more readily permeates the tissue.

The utilization of calcium (lime) as food is influenced by sunlight particularly by the invisible actinic or ultra-violet rays and this form of energy is obtained also from the arc-light and from the mercury-vapor quartz lamp. These agencies are all employed successfully in the treatment of certain conditions which can be due to faulty utilization of lime, such as rickets, certain cases of hay fever and hyposthetic rinitis.

The internal secretion of the parathyroid gland seems to have some control over the utilization of calcium in the body, the same physiologists now think that it is the thyroid gland rather than the parathyroid which regulate the calcium metabolism. At any rate, the feeding of suitable gland extracts has been found helpful in the treatment of various conditions associated with a calcium deficiency in the blood.

The calcium in the blood is an important factor in maintaining the action of the heart muscle. The heart of a frog or other animal may be kept beating for some time after removal from the body by constantly washing it with "normal salt solution," which is a solution of salt in water of a strength about that of the blood and tears in salt. When the heart finally ceases to beat it may be made to resume beating and continue beating several hours by adding calcium to the salt solution. A solution of common salt, (sodium chloride,) potassium chloride and calcium chloride, called Ringer's solution, will keep the heart beating much longer than salt solutions alone will. Normal salt solutions is a 0.7 per cent solution of medium chloride in boiled

distilled water. Ringer's solution contains also 0.02 per cent potassium chloride and 0.025 per cent calcium chloride.

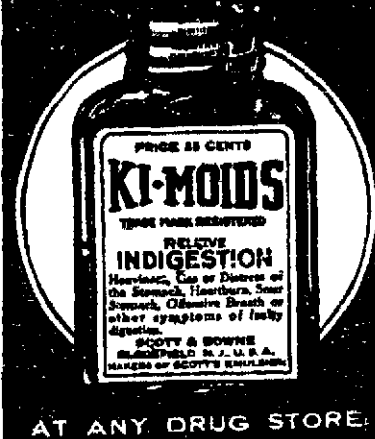

Calcium salts are deposited in the walls of the arteries in advanced age and in the crystalline lens in cataract and about the ulcer or cavity in the lungs in advanced tuberculosis, but there is no satisfactory evidence that calcium deprivation or a superabundance of calcium in the way of food or medicine has any important bearing on these conditions. Calcium salts are deposited in the bones to a greater amount in advanced age. Yet the blood seems to contain or retain rather less calcium in old age. (Copyright 1924)

# FOREIGNERS MAKE OVER BRAZIL

Outside Missions Fashionable in Southern Republic

## GOVERNMENT REORGANIZED

American Has Navy, Frenchman Army, British Finances

RIO DE JANEIRO, Brazil—Foreign missions have become the fashion in Brazil. A French army mission under the command of General Gamelin has been here for about three years, assisting in the reorganization of the Brazilian army. An American naval mission commanded by Rear Admiral Carl Vogelsang has been working here for a year introducing modern methods in the Brazilian navy. A British financial and commercial mission arrived in Rio de Janeiro Dec. 21 at the invitation of the Brazilian government.

All of these missions have attracted public interest both within and outside the country. The army and navy missions have been the cause of comment and criticism in the other South American countries. Now the British financial and commercial mission is focusing the attention of other countries.

### GENERAL PLAN

In a statement to The Associated Press, Sir Edwin S. Montagu, chief of the British mission, said that the Brazilian government wished to carry out without delay a general plan of financial restoration and to give the greatest economic national development, especially to cotton, iron, petroleum, coal and other products, and banking organization from the point of view of exchange.

For this reason it had secured a visit to Brazil on the part of men eminent in the world of industry, finance and economics in order that their direct knowledge of the affairs of the country, and its great productive capacity, may result in freer application of English capital to the prosperity of Brazil. Members of the mission said they expected to remain here about three months.

Both the Brazilian government and the British mission have avoided making any statement concerning possible loans to Brazil, but it is rumored that British capitalists have suggested the formation of a syndicate to take over and consolidate all Brazilian indebtedness to other countries, and to advance further sums for Brazilian necessities in the near future.

### RICE HAS FIRST PLACE IN CEREAL PRODUCTION

SAN FRANCISCO—Rice holds first place in the world's production of cereals, surpassing the growth of wheat, according to the California Rice Growers' association.

The rice produced in the central part of California during 1923 totaled 5,476,000 bushels, valued on the farms at \$6,126,000, the association stated. The crop was produced from 106,000 acres, an average of 51.6 bushels an acre.

Most of the California rice crop is sold in Japan.

### BOOKS NOT RESPONSIBLE FOR HIGH COLLEGE COST

ST. LOUIS—Increases in tuition, board, room and fees, rather than in the amount spent by students for books, dues, contributions and incidentals, are responsible for the rise in the cost of attending college, according to a survey made by the St. Louis branch of the American Association of University Women.

A study of "catalog expense" covering the fixed charges as set by the college authorities and of "extra-catalog expense," which included all other expenses of the school year excepting clothing and railroad fares, was made in 114 colleges and universities.

The average catalog expense for the institutions studied was \$486.04. The average extra-catalog expense was \$160.25, which means that the average college woman spends \$646.29 every school year, according to the report.

The committee made the investigation as an aid to parents, to educational and vocational counselors, to administrators of scholarship and loan funds and to others who need to budget the expense attending a college while she is in school.

### SWEDES ARREST TEN IN WAR TO HALT SMUGGLING

CHRISTIANA—Lured by prospects of 80 percent profit, smugglers recently have been active in conveying Norwegian silver currency across the border into Sweden.

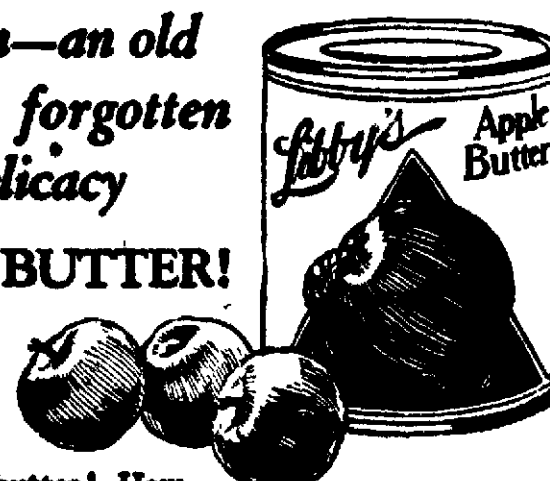

In due time, however, the police took steps to stop the practice and now ten men of Frederichshald are in jail as is also a Swedish woman whose part it was to receive the coins on the Swedish side of the line.

### DRUG STORE BURNED

CLEVELAND—Two armed youths forcing their victim to lie face down on the floor escaped with about \$200 from the drug store of Samuel Levine.

Again—an old almost forgotten delicacy

## APPLE BUTTER!

APPLE butter! How long since you have tasted it—that good old "spread" always on your mother's table. Now again you can enjoy it, as temptingly delicious, too. From Libby's sunlit kitchens comes apple

butter made from the choicest of juicy apples, boiled down with sparkling cider and piquant spices. Renew the old time pleasure; let your family enjoy it too. Order Libby's from your own grocer today.

## WIMODAUGHSIS CIRCLE HAS MEETING

Members of the Wimodaughsis Circle were the guests Friday afternoon of Mrs. A. S. Bower at her home, 212 W. North-st., Mrs. William H. Roush acted as the assistant hostess.

Mrs. L. M. Butler, a guest of the afternoon, gave a very interesting talk on "Needlework of the Women in Europe." Mrs. Butler told especially of the lace made in Venice, of the Stettin embroidery and of the Avening work, which is made by the natives in the mountains of Italy. Mrs. Butler displayed various pieces of exquisite old lace and embroidery and among them, pieces of linen embroidery made by girls of the Florentine schools. Of interest, too, is the resemblance between the new fashions for "mildly" and those of the olden countries.

Tea was served at 4:30 o'clock. Mrs. Bower and Mrs. Roush were assisted by Mrs. Rolland Shook and Miss Helen Bower, daughters of Mrs. Bower.

Guests were Mrs. Butler, Mrs. Ella Patterson, Mrs. Clarence Atmure and Mrs. Linda J. Lowry.

Mrs. W. L. Koch, W. Wayne-st., received the members of the ideal club to her home. Thursday afternoon. Contests were enjoyed and at four o'clock, a two-course tea was served. Mrs. Bert Hibbard assisted the hostess. Attractive favors were given to the women.

Guests were Mrs. John Thompson, Mrs. Bert Hibbard and Mrs. James Lewis were successful.

The club will meet in two weeks with Mrs. Amelia Seiwart, S. Metcalf-st.

## SUSIE SMART'S ADVICE

Dear Miss Smart: I am asking, by your permission, some advice. To start with, I have a daughter of ten years of age, which I am supporting by paying seven dollars per week by order of the juvenile court at Columbus. Now, the mother of said child has been married again for nearly two years and is forcing me to continue same. It is not that I begrudge the money for the girl, but it is the idea that I can't even hear from her. They will not answer any correspondence that I write, even when I address the letters to my daughter. In sending the money, I send a money order in the same envelope when we were married as I do not know what her name is now by her second marriage. Can she endorse said money order by using my name without committing forgery? I have never been instructed to send it any other way. And now, can she force me to still pay same, if not, could you please advise me by what authority? I am anxious to know as I want to know how to proceed in order that I may hear from her, as us to the present time, they ignore me in all cases. It is not that I care for the money that I send but to be kept at bay by the child's mother and stepfather that huddles. If possible, advise me thru the Lima News, as this may serve to help others.

**SUSIE SMART LEAD** It is not your former wife that is forcing you to pay for the child's upkeep, it is the law. You must continue paying the seven dollars per week until the girl is at least 16 years of age.

I would advise you going before the court in Columbus, which granted the divorce and ask permission to see your daughter. Ask that you be allowed to see her once or twice a month or perhaps be allowed to correspond with her.

Your former wife is not guilty of forging by signing her name as she does, but if you do go to Columbus, why not make an effort to find out her name, now, to avoid any difficulty.

Dear Miss Smart: I will thank you very much if you will answer a question for me. Is there any place in Lima where it could be sold, will you let me know?

I will refer you to either Sister Mary Irene at St. Rita's hospital or Miss Ella Patterson at the City hospital. They are in charge of the nurses' training schools at these institutions and would be glad to answer any of your questions. The period of training at both hospitals is three years.

Dear Miss Smart: Could you inform me of any place where we could sell crocheted work, lace or any fancy work? If there is any place in Lima where it could be sold, will you let me know?

WORKER. No, I do not believe there is any store in Lima that buys the articles you speak of. There was formerly a Women's Exchange here, but it has been discontinued. Why not get permission to display the goods in a local store? Perhaps you could get window space for a day or so and so doubt sell a number of articles in that manner.

Mrs. Charles Morrison, 1001 N. Baxter-st., opened her home Monday evening for a joint meeting of the Earned Workers class and the Men's Brotherhood class of the Grand-avenue church. During the evening, short talks were given by Rev. A. A. Thomas, Rev. L. E. Allison and Rev. H. Paulding. Miss Dorothy Day gave a pantomime and reading "The Old Hugged Cross." A vocal solo was given by Rev. Paulding.

Following the program, a social hour was enjoyed. The hostess served a two-course luncheon.

The next meeting of the two societies will be at the home of Mrs. R. L. Dunaway, Hazel-av.

Members of the industry club met at the home of Mrs. J. H. Dunaway on Hazel-av, Tuesday afternoon. In the contests held, Mrs. H. M. Duck and Mrs. Frank Sellers were successful. A two-course tea was served at four o'clock.

The club will meet in two weeks with Mrs. Arthur Hawk, Linden-st.

Mr. and Mrs. G. H. Rupert entertained informally at dinner at their home, 934 N. Boyer-av, Tuesday evening, inviting a number of friends to help Mr. Rupert celebrate his birthday anniversary. Following dinner, games were played and in the contests held, Raymond Rupert was successful.

Those present were Mr. and Mrs. M. Rupert, Mr. and Mrs. Arthur Rupert, Mr. and Mrs. D. W. Brentlinger, Mr. and Mrs. G. M. Lohr, Misses Kathleen and Koneta Lohr, Koneta and Helen Rupert, Raymond Rupert, Lawrence Deatenduff and John Point of Spencerville.

Mrs. Julia Miller held high score in the five hundred games Wednesday evening when members of the Sans Parol club were entertained at the home of Mrs. J. E. Cochran, Alhambra-st. Mrs. James Sterling was successful. A two-course luncheon was served following the card games.

Members present included Misses Julia and Nellie Miller, Mildred McClain, Marie Franklin, Thelma Burgoon, Clea White, Margaret Shado, Mrs. Theodore Siford, Mrs. James Sterling and Mrs. William Synder. The club will meet in a fortnight with Miss Margo Franklin.

Miss Betty Laughlin, Wendell-av, entertained the members of the Thursday Evening Bridge club at her home, Thursday evening. Following the card games, the hostess served a two-course luncheon, assisted by her sister, Miss Sara and Miss Helen Hunter.

The club will meet in a fortnight with Mrs. Seward Folsom, S. Rosedale-av.

Mr. and Mrs. Claude M. Garrigus, Faurot-av, welcomed a group of friends to their home Thursday evening for cards. Five hundred was played and high scores were held by Mrs. C. M. Andrews, Mrs. Thad Leigh, Howard Chapman and Max Goodenough. A two-course luncheon was served by the hostess, assisted by Mrs. Andrews and Mrs. Dan Gilbert.

Guests were Mr. and Mrs. Howard Chapman, Mr. and Mrs. Max Goodenough, Mr. and Mrs. C. M. Andrews, Mr. and Mrs. Ned Poling, Mr. and Mrs. Thad Leigh, Mr. and Mrs. Dan Gilbert, Mr. and Mrs. Harry Nuff and Mr. and Mrs. Lloyd Ward.

The Home Guards of Trinity M. E. church will enjoy a St. Patrick's Day party in the church parlors Saturday afternoon at 2:30 o'clock.

Mrs. George Creps, 335 Harrison-av, has returned from spending the winter in Lorain and Akron with relatives. As a "welcome home" to Mrs. Creps, a number of friends gathered at her home on Thursday for luncheon at one o'clock. Following luncheon, the afternoon was spent informally.

Those present were Mrs. George Ireland, Mrs. John Severs, Mrs. A. L. Cunningham, Mrs. J. S. Runyan, Mrs. Dean Patton, Mr. and Mrs. Ivan Creps and son Paul, Mr. and Mrs. Roy Creps, Mrs. Charles Curtis of Lorain, Mrs. Harold Mitchell and son of Akron and Mr. and Mrs. George Creps.

Members of the Pons club were entertained Thursday afternoon at the home of Mrs. C. M. Garrigus, Faurot-av. Bridge was the afternoon's diversion and at the conclusion of the games, Mrs. L. L. Ward held high score. Tea was served at five o'clock.

Miss Maxine Jones was an only guest. The club will meet in two weeks with Mrs. J. H. Alligire, Elmwood Place.

Mrs. Carl Logan, Marion-av, entertained the members of the O. W. O. W. club at her home, Wednesday evening. At the close of the euchre games, Mrs. Cloyd Youker and Mrs. Walter Mackin held high scores. A two-course luncheon was served. St. Patrick's Day appointments were used.

Guests were Mrs. W. L. Carlock and Mrs. J. L. Stants. The next meeting will be held in two weeks with Mrs. R. A. Schroeder, S. Cole-st.

A special St. Patrick's Day dance will be enjoyed by the members of the Elks' lodge and their friends, Monday evening, March 17th. The Delmar orchestra will play for the dancing, which will be at 9 o'clock.

The seventh annual group meeting of the Women's Foreign Missionary society of the Lima-Dolphos groups will be held on Thursday, March 20th, at the Wesley M. E. church, corner Second-st and Hughes-av. The meeting will be an all day affair, with luncheon at noon.

Mrs. E. L. Motter and Mrs. F. W. Baxter are the group leaders, who are in charge of the gathering.

Miss Helen Basinger, who has been spending the week with her mother, Mrs. M. U. Basinger, W. Spring-st, left Thursday to resume her work in Pittsburgh, Mass.

Members of the Apollo Bridge club were entertained Thursday evening at the home of Mrs. John Miller, W. High-st. Three tables were held for the bridge games, at the conclusion of which, Miss Ada Ransbottom and Mrs. Leonard Beeson held high scores. Mrs. Beeson was an only substitute.

The hostess served a two-course luncheon. Mrs. Paul Selie, S. Cole-st, will entertain the club in two weeks.

Mrs. H. Franklin Whittaker, Kuhn-av, and Mrs. James Anderson, W. Spring-st, presided at luncheon at the Elks' home on Thursday, entertaining members of the Heron's Temp's club. The luncheon table, where covers were laid for 15 guests, was decorated with appointments of orchid and rose. Spring flowers were used.

At the close of the afternoon's bridge games, which followed the luncheon, Mrs. S. B. DeTurk and Mrs. J. W. Jewhurst held the high scores. Mrs. Durbin Brown was successful.

Club members will meet in two weeks at the home of Mrs. L. F. Helms, Rich-av, for a covered dish luncheon.

Mrs. H. A. Moore, 742 W. North-st, is the guest of her son, Dr. T. K. Moore of Akron. On Mrs. Moore's 80th birthday, which she observed on March 4th, Mrs. E. E. Holcomb of Akron entertained informally for her. Thirty guests were present and the honored guest was remembered with a number of gifts and greetings from Lima friends as well as those who spent the day with her.

The Upstreamers club of Allen Review No. 197 met at the home of Mrs. Verla Dolne, Park-av, Wednesday evening. During the business session, plans were made for a euchre party and social to be given on March 20 at Central hall, under the auspices of the club. Contests were enjoyed in which Mrs. Lucy Doner, Miss Mary Jewell and Miss Leota Bowsher were successful. A two-course luncheon was served.

Guests other than the members were Mrs. Lucy Doner, Mrs. James Smith, Miss Ruth Hegrich and Misses Katherine and Helen Sweeney. The club will meet in two weeks with Mrs. Beatrice Hockstetter, Vine and Holly-sts.

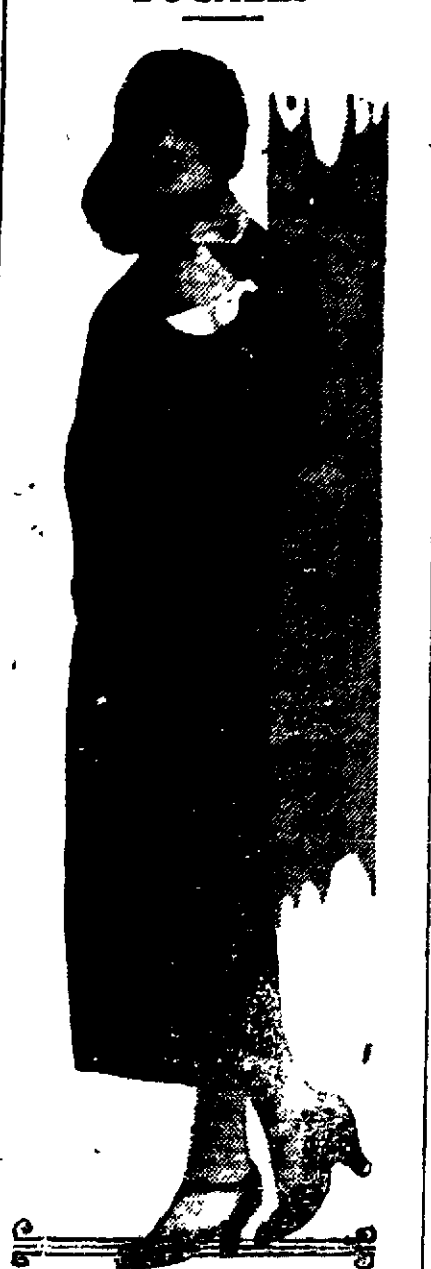

Miss Christine Binkler, Brice-av, is spending the week-end in Cincinnati, as the guest of Miss Eleanor Hawisher, who attends the Conservatory of Music.

Miss Violet Bradley, Shawnee, has returned from a several weeks visit with friends in the East.

Mrs. Harold Mitchell and son, Akron, and Mrs. Charles Curtis, of Lorain, are visiting Mr. and Mrs. George Creps, Harrison-av.

**BUILDING PERMITS** Construction of five houses at estimated cost of \$16,000 was authorized in building permits issued Friday at city hall. Ray Campbell, 1515 W. High-st, is to erect two \$3,000 houses on W. High-st between Woodlawn-av and Nixon-av. Harry Poltz, 1115 Rice-av, plans three \$2,000 houses on Heidle-av between Pine-st and Kibby-st.

## DECORATIVE BUCKLES

The clever use of buckles and an unusual collar effect make this suit decidedly different and distinctive. With it may be worn the strictly tailored or the more feminine type blouse with equal propriety.

**MAXWELL HOUSE**  
*Coffee*

"Good to the Last Drop"

TO those who have been enjoying Maxwell House Coffee for years its wonderful flavor is accounted less of an accomplishment than the fact that its high quality never varies.

**Fellowship of Prayer**

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism for Federal Council of the Churches of Christ in America.

**WEDNESDAY**  
Praying for Others

Read Mt. 9:32-38. Text 9:35. Pray ye therefore the Lord of the harvest, that he send forth laborers into his harvest.

"Since the man who prays Christian prayer is a man who, according to Jesus' teaching, stands between a great Friend-with-a-Plenty and a friend in need, it follows that he who would pray well must take pains to develop both friendships. He must do what he can to develop his friendly feeling toward God and toward men. He must learn how to absorb from God and how to share tactfully with men. This takes time and thought and the discipline of experience."

**MEDITATION:** When we look upon the needy world in which we live, with its sorrow and suffering, its want and ignorance, we realize

how little we may do. When we see God's great ideal that all men everywhere should live happy and fruitful lives, there wells up within our hearts a great longing that God may raise up multitudes of helpers who can reinforce our feeble efforts to bring peace and joy and true living to the world's weary people.

**PERSONAL QUESTION:** Is it any concern of mine whether other men are right with God?

**PRAYER:** Our heavenly Father, hear our prayers for all the sons and daughters of men. May the barriers which divide thy children and which separate us from thee be overcome by thy grace. Let Christian love abound. Let all thy people come unto thee in Christ. Amen.

(Copyright, 1924)

**REV. HILLARY TO SPEAK**  
Rev. J. O. Hillary, pastor of the Bellefontaine-av M. E. church, will be the principal speaker at the evangelistic service at the Lima Rescue Home Friday night. He will be assisted by Mrs. Roy Huff and other singers. Mrs. Huff will sing a solo and other special music is being arranged.

**NOMINATION SUBMITTED**  
WASHINGTON—The nomination of Hugh S. Gibson, of California, at present American minister to Warsaw, to be minister to Switzerland, was sent to the senate today by President Coolidge.

**GOOD MANNERS**

BEGIN HERE TODAY

Colonel Holles, soldier and adventurer, returns to England, his native land, when war with Holland is declared. His Grace of Buckingham hires Holles to abduct the actress, Sylvia Farguharson. It is dark when the Colonel carries her to the house Buckingham has rented.

Upon their arrival Holles is horrified to see that Sylvia is an old sweetheart. Buckingham and Holles engage in a duel. The servants of the Duke render the Colonel unconscious.

When Buckingham attempts to embrace Sylvia her dress falls from her throat, revealing a purple blotch, token of the plague.

The Duke and his servants flee. Holles nurses Sylvia and saves her life. When the doctor pronounces her out of danger Holles leaves the house at night. The doctor goes with Sylvia to her old home.

NOW GO ON WITH THE STORY

The three rooms that had composed her home were situated on the first floor, and as they ascended to the landing they saw the three doors standing open. Two of the chambers were shuttered, and, therefore, in darkness; but the drawing-room, which directly faced the stair head, was all in sunlight, and even before they entered it they had a picture of the devastation wrought by the plague. The furniture was not merely disarranged; it was rudely trampled, some of it broken, and some was missing altogether. The secretaire stood open, its lock broken, its contents spilled, a litter of papers tossed upon and about it.

Dr. Beamish and the lady stood in silence just within the doorway for a long moment, contemplating that dreadful havoc. Then Miss Sylvester moved swiftly forward to the secretaire, in an inner drawer of which she had left a considerable sum of money—representing most of her immediate resources. That inner drawer had been wrenched open; the money was gone.

"What am I to do? Where am I to turn?" she asked, and almost at once supplied the answer. "I had better go from this accursed place at once. I have an old aunt living in Charmouth. I will return to her."

She had also, she added, certain moneys in the hands of a banker near Charing Cross. Once she should have withdrawn these there would be nothing to keep her in London. But the doctor gently restrained her.

It must be almost certain that the banker she named would temporarily have suspended business and withdrawn himself from a place in which panic and confusion had made an end of commerce for the present. It would be with difficulty that out of London she would find any one to give her shelter.

The realization of this unsuspected thing, that she was doomed to imprisonment in this dreadful city which seemed abandoned alike by God and man, inhabited only by the unfortunate and the unclean, a city of dead and dying, drove her almost to the uttermost limits of despair.

The doctor set a comforting arm about her shoulders. "You are not utterly alone," he assured her gently. "I am still here, to serve you, my dear, and I am your friend."

"My friend, it is beyond considerations. Who can help me now?" "It is in helping others that we best help ourselves," he explained.

"Yes, yes. But how does it lie in my power now to do this?" "In several ways, my dear. I will tell you of one. By God's mercy and the loving heroism of a fellow-creature you have been cured of the plague, and by that cure you have been rendered what is commonly known as a 'safe woman'—a person immune from infection who may move without fear among those who suffer from the pestilence. Nurse-keepers are very difficult to find." He paused, peering at her short-sightedly through his spectacles.

CHAPTER XXVI

The Dead-Cart

Had you asked Colonel Holles in after-life how he had spent the week that followed immediately upon his escape from the house in Knight Ryder-st, he could have supplied you with only the vaguest and most incomplete of accounts.

Without definite destination, or even aim beyond that of putting as great a distance as possible between himself and Knight Ryder-st, Holles came by way of Carter Lane into Paul's Yard. There he hung a moment hesitating—for a man may well hesitate when all directions are as one to him; then he struck eastward down Walling-st, finally plunging into the labyrinth of narrow alleys to the north of it. There he might have wandered until broad daylight, but that, lost in the heart of that dead city, he was drawn by sounds of revelry to a narrow door, from under which a blade of light was stretched across the cobbles of the street.

Two drunken roisterers, lurching forth, paused a moment, surprised, at the sight of him, arrested there. Then, with drunken inconsequence, they fell upon him, took him each by an arm, and dragged him, weakly resisting, over the threshold of that unclean den, amid shouts of insensate, hilarious welcome from its inhabitants.

When presently the Colonel's eyes had grown accustomed to the light, he took stock of his surroundings. He found himself in a motley gathering of evil-looking, raffish men, and no less evil-looking women. In all there may have been some thirty of them huddled there together in that comparatively restricted space.

Holles surveyed them with cold disgust, whilst they stared questioningly back at him.

He yielded to the inevitable. He had a few pieces in his pocket, and he spent one of these on burnt sack before that wild company broke up, and its members crept to their homes, like rats to their burrows, in the pale light of dawn.

Thereafter he hired a bed from the vintner, and slept until close upon noon. Having broken his fast upon a dish of salt herrings, he wandered forth again, errand and aimless. He soon thru a succession of narrow, unclean alleys into the eastern end of Chopside, and stood there, again to survey the change that the month had wrought.

His nights were invariably spent at the sign of the Plagon in that dismal alley off Walling-st into which merest chance had led him in the first instance.

The end came abruptly. One night, usually the busiest in London, he found emptiness and silence.

He turned up toward St. Paul's, his steps echoing in the noontide thru the empty street as echo at midnight the steps of some belated reveler.

Albemarle, he learnt from a stray sailor with whom he talked, was still at the Cockpit. True to his character, Honest George Monk remained grimly at his post unmoved by danger.

On the seventh day of his stay in the low haunt of recklessness—he drank more deeply even than his deep habit. As a consequence, when, at the host's bidding, he lurching out into the dark alley, the last of all those roisterers to depart, his wits were drugged to the point of insensibility.

Without apprehension or care of the direction in which he was moving, he came into Walling Street, crossed it, plunged into a narrow alley on the southern side, and reeled blindly onward until his feet struck an obstacle in their unconscious path. He pitched over it, and fell forward heavily upon his face, lacking the will and the strength to rise again, he lay there into a lethargic sleep.

A half-hour passed. It was the half-hour immediately before the dawn. Came a bell striking its instant. Slowly it drew nearer, and a cry repeated at intervals might have been audible and intelligible to Holles had he been conscious. Nearer rang the cry upon the silent night.

"Bring out your dead!"

The vehicle halted at the mouth of the alley in which the Colonel lay, and a man advanced, holding a flaming link above his head so as to cast its ruddy glare hither and thither to search the dark corners of that byway. This man beheld two bodies stretched upon the ground: the Colonel's and the one over which the Colonel had stumbled. He shouted something over his shoulder and advanced again. He was followed a moment later by the cart, conducted by his fellow, who walked at the horse's head, pulling at a short pipe.

Whilst he who held the torch stood there to light the other in his work, his companion stooped and rolled over the first body, then stepped forward, and did the same by Colonel Holles.

The man with the link thrust this into a holder attached to the front of the dead-cart. Then the two of them on their knees made an examination of the body, or rather of such garments as were upon it.

"Not much trouble over here, Larry," said one.

They rose, took down their hooks, and seizing the body by them they swung it up into the vehicle.

"Fetch the prancer nearer," said Nick, as he turned and stepped toward Holles. The horse was led forward some few paces, so that the light from the cart now fell more fully upon the Colonel's long supine figure.

Nick went down on one knee beside him, and uttered a grunt of satisfaction. "This is better."

His fellow came to peer over his shoulder.

"A gentry-cove, damme!" he swore with horrible satisfaction. Their practiced ghastly fingers were swiftly over Holles, and they chuckled obscenely at sight of the half-dozen gold pieces displayed in Larry's filthy paw.

"Not much else," grumbled one after a further inspection.

"There's his sword—a rich bill; look, Larry."

"And there's a fine pair o' stampers," said Larry, who was already busy about the Colonel's feet. "Lend a hand, Nick."

They pulled the boots off and made a bundle of them, together with the Colonel's hat and cloak. This bundle Larry dropped into a basket that hung behind the cart, whilst Nick remained to strip Holles of his doublet.

Suddenly he paused.

THE TANGLE

An Intimate Story of Innermost Emotions Revealed in Private Letters

CABLEGRAM FROM ALICE HAMILTON TO LESLIE PRESCOTT

I am going to marry Karl Whitnev. His engagement gift was a string of pearls longer and more beautiful than yours. I am very happy. ALICE.

Cablegram From Mrs. Hamilton to Leslie Prescott

Alice and Karl are to be married as soon as we arrive home. We are starting after a short stay in Paris to buy Alice's trousseau. Of course your father and I approve. We always wanted Karl in the family. MOTHER.

Letter From Paula Perier to Leslie Prescott

MY DEAR MRS. PRESCOTT: Will you allow me to express my sincere gratitude to you for sending me to your home. I hope to have one myself as soon as I return to Hollywood, and your gracious presence in your own home made me wish I could give the same impression of welcome to the stranger who came within my gates.

You will probably never know how much your attendance at my public reception meant to me. I do not know if your husband has told you that once upon a time, as a very young girl I lived in your city. I had my own living to earn and as I was called beautiful the earning of that living was peculiarly hard.

Women were said to envy me and men pursued me. I could not help but smile quietly to myself on that afternoon as I saw so many of the society people of Albany come up to shake me hand, and I knew that many of these women had said most unkind things about me when I was there and needed their help and understanding much more than I do now.

You, my dear Mrs. Prescott, were not one of these. I am sure you never could be unkind to any woman who thru force of circumstances, perhaps, was not as fortunate as you.

I had intended to write you a formal note, but I find I can never express myself formally if I feel much.

But should I write reams to you I can never tell you how happy you made me by letting me come to your home, hold that blessed baby in my arms, and talk to you as woman to woman.

Believe me, my dear Mrs. Prescott, I am in your debt always, and nothing would give me so much pleasure as to be able to pay you for both your conscious and unconscious kindness.

Sincerely yours, PAULA PERIER.

## Correct Apparel for Every Step in Life

From the cradle to the high-school diploma the Feldman Junior Shop provides charmingly suitable attire for every stage in one's career. Feldman garments come under the head of those good habits which educators advise one to assume early in life, for they not only bring present comfort and smartness, but pave the way to a lasting appreciation of the harmony and beauty of correct apparel.

A Dress for His Highness, the Baby

Guiding First Step in the Paths of Fashion

may be a slip that trails about his lively little feet or a short dress—less dignified perhaps, but likewise less hampering to his activities. Both are of nainsook, hand-made and with hand-embroidered yoke. Dainty beading and lace trim the edge of the yoke, neck and sleeve. He'll appreciate its comfort as much as his guardians like its economy and beauty.

They are likely to change from the tempo of uncertainty to the allegro of gaiety under the influence of these charmingly hued frocks, made of blue, pink, corn or lavender voile. For what little lady can withstand the delights of such attire—smocked in front and with embroidered organdy collar and cuffs edged with hemstitched ruffle?

1.95

School Days Gain a Smartness From the Use of Clever Linens

Rustle of Taffeta Livens the Life of a Sub-Deb

And a very favorite frock is made in long waist effect with belt of self material brought to a bow at the side. They have plain round necks or collars of self material. And they are so cleverly adorned with dainty embroidery. Of course, Miss Seven to Fourteen knows that linens are very smart and chooses accordingly, taking her choice of brown, coral, peach or green.

Its crisp texture takes a fine charmingly bouffant in long waisted frocks. The skirts have ruffles, tucks, and hemstitching. The waistlines are defined by smart rolled belts of self material or rows of shirring, prettily ornamented by a spray of flowers. Given a color chosen to accord with her complexion—which should not be difficult—the young woman of seven to fourteen is charmingly attired.

## SCIENCE BUSY ON TERROR PLANS

Discoveries to Result in New War Weapons to Fear

### NEW FORCES BEING SOUGHT

Cost of Using Them Looms as One Deterrent Factor

(By C. T. HALLINAN)  
LONDON — (United Press)—To the mid-Victorians, Progress was a sure old lady, who made things increasingly pleasant for everybody. But to Europeans today, Progress is a thing of terror. It means new methods of destruction, new devices for wholesale slaughter. The scientific literature of Europe

shows the war shows a grim preoccupation with war rather than with peace. For example:  
Sir Richard Gregory, scientist and editor of Nature, declares that present-day laboratory researches are bringing us inexorably to the point where the laboratory can release the terrible power concealed in the atom, a power so destructive that the touch of a button could blow a whole city to pieces.  
"It is to be feared that the first use to which this tremendous power will be put will be purely destructive," says Sir Richard.  
Nice cheerful news, that?  
Sir Napier Shaw, F. R. S., says: "It is monstrous, the use to which the discoveries of the scientists are put. Unfortunately, one can not believe that it will ever be otherwise."  
On the other hand, the occasional optimist extracts his comfort from the reflection that Europe will be too poor to be really scientific. Witness Sir Ronald Ross:  
"The discovery of a new explosive would render war more suddenly terrible, but I do not think that the total mortality would be greatly affected. People would learn to clear out of towns, and it would never

pay to drop on lonely farmhouses bombs costing \$5,000 apiece."  
And Dr. A. M. Low, a scientist whose laboratory researches have made his name familiar throughout Europe, says that before the atom could be loosed in any really destructive fashion, so much power would have to be applied to it that the net result, in all probability, would be zero.  
"For example," he says, "we can make small diamonds, but that is no advantage to society, seeing that the cost of manufacture is greater than that of digging for them. Professor Soddy talks of turning mercury into gold, but of course it would cost more than the gold is worth. Similarly, if we could raise the Atlantic ocean to the height of the dome of St. Paul's we'd have power enough to light the whole of the United Kingdom. But the cost of raising the ocean would make the lighting scheme prohibitive. So with many scientific schemes for wholesale destruction, they would cost so much that some other method would have to be resorted to."  
**SPECIAL DANCE**  
**MONDAY, MARCH 17,**  
**MOOSE TEMPLE**

Calumet Baking Powder is called "Best by Test" because actual baking tests are made right in the big Calumet factories—the largest of their kind on earth. Master bakers and a renowned domestic science expert make these tests which protect the quality and uniformity of Calumet.

Calumet is called "the World's Greatest Baking Powder" because it is used by more housewives—more chefs—more railroads—more restaurants—more hotels than any other brand.

Calumet is called the "Economy Baking Powder" because no other brand on the market will produce bakings at such a low cost. Its dependable and unfailing action means no loss of time, money or materials.

Calumet is called for in thousands of stores daily because a better leavener cannot—and is not made—because a large can contains full 16 ounces and some brands come in 12 ounce cans—once tried it is always used.

EVERY INGREDIENT USED OFFICIALLY APPROVED BY U.S. FOOD AUTHORITIES

Sales 2½ times as much as that of any other brand

Saves Food, Health, Ice and Money

COMPLETE AIR CIRCULATION IN THE AUTOMATIC GETS FULL VALUE FROM THE ICE

**"The Perfect Refrigerator"**

How To Save On Food

The Automatic Refrigerator is as much a savings institution as any bank, for it saves you actual dollars on food and ice that you have been heretofore wasting in your old-fashioned refrigerator. Order an Automatic today. You can pay a small deposit down and let the Automatic pay for itself with the savings it effects. Investigate this plan at least.

INSULATION AIR SYSTEM

The Automatic Refrigerator has a unique and advantageous construction. Eight complete walls of insulation are built on the Automatic, insuring positive refrigeration regardless of outside temperatures. Come in and let us show you a sample of the wall.

Within the Automatic the air is continually circulating. This is the best assurance in the world of perfect refrigeration. The air is in this way always kept dry and is continually passing over the ice and becoming cooled. We will be glad to demonstrate this point.

## FARMERS TACKLE LABOR PROBLEM

California Exchange to Help Migratory Situation

STOP "THEFTS" IS OBJECT

Plan Hits at Bidding for Help Demoralizing Supply

SACRAMENTO, Cal. — Migratory farm workers of California, an army numbering more than 200,000, moving in a desultory way from one harvest to another, are to be guided in their rambling by a co-operative farm labor exchange launched here by farmers of northern and central California.

Organization of the farm labor exchange is being perfected. Its chief purpose will be to stabilize labor and equalize the supply in all counties.

J. A. Tregarden, of Auburn, Cal., chief of the exchange, said the question of labor was perhaps the most important one facing the American farmer. The farmers themselves must solve this difficulty, he contended. The new organization plans to study the labor situation and fix a wage scale for farm hands.

Then the activities of the exchange it is hoped farmers will be kept from bidding against one another for labor. Thus, it is pointed out, farm workers will have a more stable and permanent form of employment.

### STANDARD WAGES

"We must have a standard wage," said Dallas H. Gray, representative of one of the counties. "The farmers cannot afford to be held against themselves. Justice must be done the working man and he must be kept from shifting constantly about every time he hears a rumor of higher wages in another section."

"We will have offices throughout the state and they will direct labor as they are needed in the various districts. The exchange also will assist in keeping workers constantly employed by knowing in advance the dates when harvesting begins in the different sections."

It was said that fixing a wage scale was not intended to force down the pay of farm labor below the cost of living, but rather was to prevent labor "thefts." The exchange also will investigate and report on better housing and working conditions for the farm employees.

"It is the greatest cooperative effort ever launched by American farmers," in the belief of Tregarden.

## REORGANIZE DEFENSE IS SWEDISH PROPOSAL

STOCKHOLM — The government has proposed to parliament the reorganization of the defenses with the object of obtaining the greatest efficiency within the limits of the present appropriations. The plan, in effect, cuts the number of officers and soldiers, tho it retains the present six divisions. The reduction will be made in two regiments of infantry at present doing guard duty along the coast.

The cavalry will be reduced by two brigades and the artillery reorganized with increases of anti-aircraft guns. A new tank corps will be organized, and a force of 62 airplanes will be established to be used jointly by the army and navy.

The naval program provides for the construction of four destroyers of 950 tons and three submarines between the period 1924-1929.

ent six divisions. The reduction will be made in two regiments of infantry at present doing guard duty along the coast.

950 tons and three submarines between the period 1924-1929.

# PROMINENT LIMA PEOPLE JOIN IN PRAISE OF PEPGEN; FAMOUS GLAND MEDICINE NOW AT HUNTER'S DRUGSTORE

Mrs. Florence M. Croft, Well Known Lima Woman Says, "Tell Everyone I Recommend Pepgen, It Is Wonderful"

## RELIEF COMES QUICKLY

Pepgen, the new gland tonic now being introduced at Hunter's Drug Store, is being praised by hundreds of well known local people who have been relieved of long standing troubles of stomach, liver and kidney troubles.

Mr. W. E. Jason, who is now at Hunter's Drug Store introducing this tonic, said yesterday: "There are in Lima, as in other cities in this section of the country, thousands of people who are suffering with the after effects of the influenza epidemic."

"This epidemic may be compared to a war campaign. Those who went through with it are still paying the price. Their systems have unfortunately been weakened. They now and themselves are capable of catching cold; they tire easily and their nerves get unstrung; digestive organs have become affected, food is not properly digested, and their appetite is poor."

"I am gratified to note that it has already been of benefit to hundreds of these sufferers who live here in Lima."

MRS. FLORENCE M. CROFT

"Among the interesting cases which have recently come to my attention is that of Mrs. Florence M. Croft, who lives on Freeman Avenue in 'Oakwood Addition.'"

"In 1918 I had a severe attack of influenza," said Mrs. Croft. "This brought on a paralytic stroke and I have been an invalid for the past five years. I was confined to my home practically all the time."

"My entire system was out of order. I did not have any appetite and only ate enough to keep alive."

"What I did not would not agree with me. I would have pains in my stomach after every meal. A gas would form and bloat me up. I could never get a sound night's sleep."

"In this weakened condition my nerves were in a terrible state. Any excitement would so upset me that I would feel sick and nauseated. I felt tired and worn out all the time."

"I have spent thousands of dollars trying to regain my health but nothing gave me any relief."

"About two months ago I read in The Lima News about this Pepgen and decided to give it a trial."

"Tell everyone in Lima that I recommend Pepgen. It has done more good than anything I have ever tried. It is wonderful."

"I have now taken eight bottles of Pepgen and feel better than at any time since I had the flu. My nerves are fine. I sleep soundly at night and can eat three good meals a day without having any indigestion."

"I am getting stronger every day. I felt so good last week that I did some washing just to prove how good I felt. It's the first work I have done in a long time."

"Tell anyone who wants to know about Pepgen to come to see me."

CAUTION: The genuine Pepgen, which Mrs. Croft has recommended, is packed in a white, blue and gold carton and may be obtained in Lima only at The Hunter Drug Stores, 49 Public Square and corner Main and Wayne Streets and The Argonne Store, opposite Post Office.

### EVERYBODY GETS IN ON PENSION

Argentine Fund is Largest of Its Kind in World

ALL NOW HELD DEFECTIVE

Provision for Payment Not Made, is Claim

BUENOS AIRES — (Associated Press) — A national old age pension law, recently enacted by the Argentine congress, is regarded as unique in such legislation in that it makes provision or nearly every employed person in the country and creates probably the largest pension fund in the world. While the bill was pending it was hailed as a great step forward in social legislation, but now it is being severely criticized as being defective in many respects.

The law makes definite provision for the creation of the fund, but otherwise the public is left in the dark as to when and how benefits will be distributed. Foreign residents and foreign corporations especially are disturbed by the law because while they come under its provisions they are unable to determine whether in the event of their leaving the country their contributions to the fund as well as those of their employers will be returned.

**BILL'S DEFECT**

Altho the law became operative Dec. 15, 1923, the government has made no provision for collecting the payments to the fund and no places have been designated where the payments are to be made.

The law provides for the maintenance of the fund by the enforced monthly contribution of a sum equal to ten per cent of nearly all salaries and wages earned by Argentina's population of 9,000,000 people. Half is to be paid by the employee and half by the employer, and as an initial, additional contribution, each employee must pay in a month's wages in 24 monthly installments.

No official estimate has been made of the vast sum the scheme will yield, but according to some unofficial calculations, the accumulation of at least five billion pesos within ten years (more than \$2,500,000,000) is within the range of probability. This is four times the country's momentary circulation. The funds are to be invested, 50 per cent in government securities and 50 per cent may be utilized in granting mortgage loans to employees to enable them to build or acquire homes.

**VANDERLIP SUDDENLY CALLED TO WASHINGTON**

NEW YORK — Frank A. Vanderlip today cancelled speaking engagements for tonight and tomorrow and took an afternoon train for Washington in response to what his secretary said had been a sudden call. The secretary described the matter as of "great importance," but would not divulge its nature.

### "WEED" GROWN ON DESERT GIVES NEW DRINK WITH KICK

BY CHARLES P. STEWART

WASHINGTON — (Special) — Vomitoria is no nice name for a plant, yet *Nex Vomitoria* is good stuff, served something like tea. If ever you've visited the Argentine you've heard of "yerba mate," with an accent, please, on the final "e." The Argentine sucks it out of a gourd, thru a tube. He sucks it to the tune of 20 pounds of ground-up leaf per year per Argentine man, woman and child. It stimulates but does not inebriate. The Argentine simply puts boiling

5 cents a pound. This beats not only tea and coffee, but South American mate as well. The latter costs about a peso a pound, or 44 cents.

The chemistry bureau of the department of Agriculture gets credit for making cassina so cheap. The plant itself naturally is cheap, being a weed. The chemistry bureau, by inventing a method of separating leaves from stems and curing and grinding them, did the rest.

Some department of agriculture man, visiting the Argentine and discovering how popular mate was there, thought up the scheme of get-

water and a small handful of mate, dried and ground, in his gourd, sweetens to taste, sticks in his bombilla, as he calls the tube; and there he is.

But now mate is grown in this country, also! From the James River to the Rio Grande it grows on the sandiest ground—good for nothing else. It's a weed—as big as trees.

They call it "cassina." It's almost the same as the South American mate plant.

But cheap!—oh All prepared, ready to drink, it can be sold for

ing this market for the United States, by sending cassina to the Argentines.

The idea worked out so well that now the department believes a big market can be developed in this country, too.

So maybe Americans will be going around the streets sucking mate from highly decorated gourds, the way the Argentines do!

Incidentally, the department says cassina, fixed up with sirup, makes a mighty fine cold soda-fountain drink. And it can be used for flavoring ice cream.

### BUCK UP IS WORD TO TEACHERS

Become Arrogant, Quit Being Shy, is Advice of Wells

LONDON — Schoolmasters, "shy and retiring souls that they are," ought to buck up and be arrogant and aggressive and take hold of the world, for they are the most important people in the whole civilized community, says H. G. Wells.

When Wells delivered himself of these opinions, in an address to the annual meeting of the Incorporated Association of Assistant Masters in secondary schools, some of the assembled teachers applauded and others laughed.

But Wells did not laugh. "I want to teach shamelessness to schoolteachers," he said. I want to teach them arrogance and aggression. Arrogance and the disposition to take hold of the world is not a characteristic of all schoolmasters. A lot of them seem to be unconscious of the amount and range of their functions. They don't seem to realize that the world is not a going concern, but a finished affair in which they have a very subordinate and supplementary part. They are a shy and specialized people who keep them together even on their holidays.

Then Wells turned his thoughts to this "new rule and better world," this "reconstructed human life" that "highminded people" talk so much about these days. He said that when the reconstructed human life exists, schoolteachers will be the very soul and center of it. Only by and thru teachers, heroic teachers, he said, would it be possible to conceive of any escape from "the distressful and unsatisfactory life that mankind lives today."

### WORLD DYE TRUST FORMED BY BRITISH AND GERMANS

LONDON — A new combination which will control the dye production of the world has been formed between the British Dyestuffs Corporation and the Interessen Gemeinschaft, the German dye combine. Under the agreement the German secret processes are to be revealed to the British company for an agreed share of the profits.

The British Dyestuffs Corporation, of which the government is the largest stockholder, now controls the British markets and will be extended to foreign countries.

Since the approval of the government is necessary before the English interests can sign the agreement, it will be necessary to obtain the approval of the McDonald cabinet, which it is said, will probably carry out the original plan.

### LOCO WORKER INJURED AS SIDESHEET FALLS

Frank Archer, 47, of 710 W. Vine-st., suffered slight injuries shortly after noon Friday when the sidesheet of a tank fell at the Lima Locomotive Works, striking him on the shoulder. He was removed to City hospital in Williams and Davis ambulance. Archer is employed in the tankshop.

### WHAT IS THE USE OF LIVING?

What is the use of living when a woman gets up in the morning as tired as when she went to bed at night with headache, backache, dragging down pains, nervous, irritable and despondent? These are all symptoms of ailments peculiar to her sex which makes life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound, a good old-fashioned remedy made from roots and herbs. It contains no narcotics or harmful drugs, and for fifty years has been restoring women to health and strength and the joys of living.

### ASPARAGUS CROP BRINGS WAR PRICES TO GROWERS OF CALIFORNIA LUXURY

BYRON, Cal. — Asparagus, the luxury crop of the central California deltas of the Sacramento and San Joaquin rivers, is bringing war prices and better this year. Growers of the edible grass have visions of fortunes.

The farmers are glated over the opening prices just offered by canners of 6 cents a pound f. o. b. river bank. One offer of 6 1-2 cents was made. During the war the highest price was 6 cents. The 1924 crop is expected to bring growers more than \$5,000,000.

High prices this year are caused by increased demand, despite decreased acreage. These rich delta lands furnish the United States with 95 percent of all the asparagus marketed. The demand has become world wide, and something like \$3-

000 acres are planted each year. New ground constantly is being broken to add to the production.

Much of the California asparagus heretofore has been raised by Japanese operating on a crop-sharing basis with white owners. Since the alien land law has driven Japanese from crop contracts steps are being taken to sell the land they cultivated to white settlers experienced in farming.

Approximately thirty Lima automobile dealers will go to Kanton Friday night to attend a district conference of retail automobile dealers at the Elks Temple there. James I. Heffner, of the Lima Automobile club, and James L. Merton, manager of the Lima Board of Commerce, are two of the speakers on the program.

## PRINTED FROCK IS QUITE POPULAR

It's Suitable for Afternoon or  
Morning Wear

TOPSY-TURVY AFFAIR TOO

You Turn Blouse Inside Out and  
Skirt Upside Down

BY HEDDA HOYT  
NEW YORK (United Press)  
Many bought a little gown  
with little blouses on it.  
She said: "This is the only way  
to get in print, doggone it!"

Printed materials are making their way thru the fashioning, tailoring, and cutting as a spring approach. Women have grown to include the printed frock as indispensable in the wardrobe. Surely, a gown that is available for many occasions. The fashion traveler finds it the most successful material for knock-about wear, as it is just as suitable for afternoon wear as for morning wear.

This season brings out a great variety of patterned materials, ranging from large flowered effects to tiny Chinese figures. Hand-dyed print, resembling batik, is also listed among the newest of gown materials. Black and white promises to be the favorite of spring's colorings, although brilliant backgrounds with white flowers or flowers are equally new. White leaves on colored backgrounds are particularly charming.

In the cotton goods costumes and figured crepes proved so successful with the Palm Beach fashionables that they will undoubtedly carry over into the summer months up north. As simplicity is the keynote of the spring and summer silhouette, the printed frock takes away the too severe appearance that many of the plain materials have. Prints are used to make entire dresses, as trimming on plain material and for the fashionable short jacket, which is worn with a plain skirt.

From England comes the topsy-turvy frock, which has a reversible blouse and a ruffled skirt, which may be worn upside down, displaying ruffles of contrasting color. A lady may start out in the afternoon in a tea-time frock of brown silk, made with the popular long waisted separate bodice and a skirt of five rows of brown ruffles lined in gold. There is no necessity of going home for a change of costume for evening, for, presto, she turns the blouse inside out, displaying the gold satin lining, puts her skirt on upside down again, displaying five tiers of gold ruffles, and her change is complete.

But how can she fit the hem of her skirt to a waist line. That's a simple matter. Underneath the bottom ruffle the hem of the skirt foundation is made with a cord, which can be tightened to fit the waist measure. This same cord can be let out to give freedom of hemline when used as the bottom of the skirt.

The reversible cap is also one of the novelties of spring. As many of the frocks are using little shoulder

## "KID MURPH" IS BRYAN'S CHOICE FOR PRESIDENT

DR. ALBERT ALEXANDER  
MURPHREE

GAINESVILLE, Fla.—(Special)—"Kid Murph" isn't a very imposing name for a man. William Jennings Bryan would like to see president of the United States.

Yet that's what the students at the University of Florida here call their proxy, Dr. Albert Alexander Murphree.

And the proxy gets more kick out of it than the knowledge of the fact that the "Great Commoner" is going to present him for the Democratic nomination at the New York convention.

"I never cross bridges until I come to them," says Dr. Murphree when asked how he felt about being a presidential possibility.

"I'm going about my business of helping educate future America, though, of course, I'm not unappreciative of the high compliment Bryan has paid me."

While these are invariably gorgeously lined, they may be worn inside out over the white summer frock.

While headed dresses have lost their charm for day-time wear, evening sees them out in all their glory. Beaded evening gowns and wraps have never been as lovely as they are this season. Brilliant, rhinestones and crystals are spring's favorite trims.

Gold veils are the latest whims from Paris. Those already on display in New York shops are either very small, extending just over the eyes, or quite large, with ends forming streamers at the sides of the hats. Usually the gold veil is worn with the brown or black hat.

RAILS HALF ELECTRIFIED  
BERNE — The electrification work of the Swiss national railways has passed the halfway point. About 300 miles have been completed with about as much to be electrified.

## GEORGE LEASURE, 63 IS DEAD IN COLORADO

OTTAWA — Word received here by J. L. Leasure, attorney, tells of the death of his brother, George Leasure, 63, at the home of the latter on a ranch near Lamar, Colo. Death followed an illness from hardening of the arteries.

Leasure is survived by the widow, his aged father, Henry Leasure of Columbus Grove, Attorney Leasure and W. B. Leasure of Lamar, Colo., brothers, and Mrs. L. B. Good of Columbus Grove, a sister.

Funeral services were held in Lamar on Wednesday and interment was made in a cemetery near that place.

CONFERENCE DATE SET  
CONTINENTAL — The Young People's conference, to be held here under auspices of the Putnam-Sunday school association, has been dated for March 28 and 29. Each Sunday school in the county has been allotted a certain number of delegates.

## DRINK WATER IF BACK OR KIDNEYS HURT

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids waste and poison, else you may feel a dull misery in the kidney region. Sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders. By all means drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

## GROVE EXCHANGE CLUB PLANNING LADIES NIGHT

COLUMBUS GROVE—Ladies' night will be observed next Monday by the Exchange club, when wives of members will enjoy the dinner, which will be served by Pythian hall.

Rev. Father V. H. Krull, pastor of St. Peter and Paul's Catholic church of Ottawa, and George J. Keinath of Ottawa, and George J. Keinath of Ottawa, county superintendent of schools, were speakers at the meeting this week.

Both talked upon the advantages to be gained by such an organization as the Exchange club.

Prof. Keinath summed up that has been accomplished by Ottawa Kiwanis club, of which both are members. Unanimous vote of thanks was extended Rev. Father Krull and Prof. Keinath at the close of the address.

ST. PATRICK'S MEETING  
COLUMBUS GROVE — The St. Patrick's day meeting of the New Century club will be held next Monday at the home of Mrs. Harry B. Mangel, N. Broadway-st.

## REBUILDING OF FAMED TOKYO THEATRE PLANNED

TOKIO — The Imperial theatre in Tokio, until the earthquake and fire of Sept. 1, the finest in the orient, is to be rebuilt this year, according to a recent announcement.

The frame of the old structure, left standing by the quake and fire, will be used in the reconstruction, as engineers have pronounced it safe.

It is hoped to reopen the theatre next October.

The Imperial theatre, built with the assistance of the Imperial household

in the early days of the occupation of Japan, has as its motto: Opera of Paris.

A dramatic meeting of the corvillie encampment, 1. 0. 0. be held at Spencerville, Md. both afternoon and evening afternoons sessions begin at 2:30 and 7:30. Large clams will be taken the Royal Purple Degree. H. S. E. of Cleveland, Grand Patriarch be present, besides other grand assistance of the Imperial household officers. All patriarchs are w.

Eilerman Clothing Company  
"LIMA'S LEADING MEN'S SHOP"

# IN LIMA THEATRES

## Stage and Screen Offerings

### ON THE SCREEN TODAY

**"Michael O'Halloran"**  
with True Boardman, Jr., and  
other stars.  
Majority—The Three Ages—  
with Buster Keaton.

### ON THE STAGE TODAY

**Fearat-Keith Vaudeville.**  
Orchestra—Musical comedy by  
Footlight Follies Co.

### BY GERTRUDE GILLHAM

TWO new child stars are in-  
troduced in Gene Stratton  
Porter's production, "Mich-  
ael O'Halloran" which opened  
Thursday at the Quilna theatre,  
and which might well be called  
one of the most human picture  
productions of the season.

True Boardman, who has the  
role of "Michael," the fascinating  
boy, is the new boy star—his  
interpretation of this unusual  
character promises to make him a  
favorite among juvenile actors of  
the screen. Little Ethelyn Irving  
plays the role of "Peaches," the little  
girl who is adopted by the  
characters. Several other clever  
characters are also seen in the  
production.

Another big joy frolic for the chil-  
dren—a Larry Semon party—will be  
given at the New Orpheum theatre at  
the matinee at 2:30 Saturday after-  
noon. In reality, it will be a double  
show, composed of the musical com-  
edy, "Watch Your Step" and a Larry  
Semon comedy of uproarious propor-  
tions.

"Watch Your Step" is the offering  
of the Footlight Follies company for  
the last half of the week. It will be  
presented the last three times Sat-  
urday, Sunday, there will be a com-  
plete change of bill and of company  
when Fred Hurley's Big Town Revue  
plays its first Lima engagement.  
The Revue will offer "Who's Who,"  
a musical comedy farce declared to  
be one of the best singing shows pre-  
sented at the New Orpheum in many  
months.

### BY CADJE

There is a mighty good vaudeville  
show at the Faurot opera house. It  
is booked to stay the remainder of  
the week thru to Sunday night. From  
the beginning to the end of the bill  
there isn't a poor act. At the very  
start Jack Hughes and partner were  
found to be away ahead of the aver-  
age vaudeville musicians. They play  
several instruments and play them  
with consummate skill. Hughes  
claims to be a graduate of the Lon-  
don Conservatory of Music, and this  
may well be true, at least it isn't ap-  
parent where his musical education is  
lacking.

Marion Gibney—I wonder if she is  
of the celebrated Gibney family of  
theatricals—could well be considered  
the particular star of the entire bill.  
She does one of those "vainglorious"  
talking acts, and proved herself an adept  
conversationalist, with the rare abil-  
ity of possessing the knack of telling  
a funny story. She made a hit at the  
performance, Thursday evening.  
Pierce and Roslyn put a "Whirl of  
Melody" over in the most satisfactory  
manner. Pierce is a full blooded In-  
dian, and a most excellent baritone  
singer. Their act went big. Clinton  
and Capell, she as the "Little Wop,"  
proved a clever entertainer and a  
good singer. They scored heavily.  
The closing act, Fearat, Baggott and  
Fearat, do a juggling act—baseball  
bats and straw hats. While they are  
exceptionally clever, they interject a  
whole bushel of comedy to their per-  
formance which kept the large audi-  
ence laughing thruout.

It's a clever entertainment well  
worth seeing.

Manager Clark, thru a demand  
from many theatregoers in Lima and  
surrounding territory has succeeded  
in booking "Blossom Time" for a re-  
turn engagement Wednesday, March  
19, night only. Joseph Mendelsohn,  
who made such a pronounced hit in  
the part of Franz Schubert, will be  
seen again in the part. "Blossom  
Time" is undoubtedly the most meri-  
torious musical offering of later  
years.

# LIMA BOARD GETS BID TO EXPORT CONVENTION

Lima manufacturers are expect-  
ed to attend the export convention  
to be held in Cleveland April 8 un-  
der direction of the Cleveland cham-  
ber of commerce and the bureau of  
foreign and domestic commerce.

In a letter addressed to James  
E. Morton, manager of Lima Board  
of Commerce, Herbert Hoover, sec-  
retary of commerce, asserts that the  
studies to be made of India and Ma-  
laysia at the meeting are of vital  
importance to the industries of  
Ohio.

Statistics show that in 1923 the  
United States imported \$236,657,  
063 worth of raw products not ob-  
tained in this country from this  
area, mostly rubber. In return ap-  
proximately one-seventh of that  
amount was sold.

# FADA "ONE SIXTY" Neutrodyne Radio Receiver

"If we don't get 'em on the loud speaker we don't count 'em"

That's how good the FADA "One Sixty" Neutrodyne radio receiver is. Goes after distant stations and gets them as easily as an ordinary receiver picks up a station a few miles away. Volume enough, even on the most distant station, to operate a loud speaker. Selective to the nth degree. Tunes out anything you don't want to hear. So perfectly made and adjusted that the FADA "One Sixty" operates at maximum without distortion. Cannot re-radiate and annoy your neighbors. The set you ought to own. Ask your dealer for this wonder radio receiver. Worth every cent of its price, \$120. Tubes, batteries, phones, etc., are extra.

# BEST OF STATE CAGING FIVES BATTLE FOR SUPREMACY

## SIXTEEN TEAMS READY FOR PLAY AT COLUMBUS

COLUMBUS — (Associated Press) — Second annual championship basketball tournament of the Ohio High School Athletic Association got under way here today when 16 teams from various sections of the state started first round play for championship of the Class A division. Eight teams from smaller schools will start the first round for Class B, first honors late today.

The teams here represent the best in the state in their respective divisions, elimination games having been played in various sections of the state some weeks ago.

Four of the schools represented here today had teams entered in the tournament last year. They were Marietta, Youngstown Rayon, Nelsonville and Belle Point.

Results of the games will be broadcast by radio from the Ohio State University station at 11 a. m. and 4 p. m. today, university officials announced today.

Finals will be played Saturday.

First round class A, pairings follow:

Marion Harding vs. Cleveland Lakewood; Wauseon vs. Marietta; Nelsonville vs. Kenton; Dayton Stivers vs. Youngstown Rayon; Bucyrus vs. Cleveland East; Toledo Waite vs. Springfield; Columbus East vs. New Philadelphia; Chillicothe vs. Canton McKinley.

First round class B, pairings:

Archbold vs. Hubbard; Dayton Fairview vs. Broctorville; Beelpoint vs. Muskingum Academy; Delphos St. John's vs. Ravenna.

## BROOKS MAKES WORLD'S RECORD

DELPHOS — Six Delphos maple topplers left early Friday morning for Chicago, where they will take part in the A. B. C. Bowling tournament. At 9:15 Friday night the five-man team will hit the pins, and they are scheduled to take their try in the singles and doubles at 1:50 p. m. Saturday.

Harry Brooks, Ed Boyer and Ray Limbrecht, who were in on the money in the singles at Cleveland this year, are among those on their way to Chicago. Others are Guy Tilton, Glenn Shriver and Edgar Clark.

In practice Thursday Brooks toppled the pins for 274, and in three games totaled 733, one pin above the official world's record.

On April 12 a team from here will compete in a railroad tournament at Toledo.

## HEYDLER LIKES CINCINNATI TEAM

NEW YORK — The death of Pat Moran, "miracle manager" of the Cincinnati club, is unlikely to jeopardize the pennant prospects of the Reds, in the opinion of John A. Heydler, president of the National League. He expressed this view today before departing on a two-week tour of the six National League camps in Florida, a trip that will mark his first extended inspection of spring training quarters since he became head of the senior circuit.

"It is difficult to make any forecast of league prospects now," Mr. Heydler pointed out, "particularly as I am not familiar with what new material the various clubs are developing. I know the death of Moran came as a hard blow to Cincinnati fandom, which has high hopes of a pennant this year. It would be hard to say just how important its effect will be, much will depend on how Moran's successor rallies his forces."

"It must be remembered, however, that the Reds are a veteran outfit for the most part, seasoned players who can be depended upon. Given this inherent strength, I would expect the team to show at its best, anyway. And, of course, there is the possibility that the loss of its leader might inspire the club to even greater heights."

## LOCALS BOWL AT A. B. C.

CHICAGO — This is Chicago Day in the American Bowling Congress tournament singles and doubles competitions with Canton, Ohio, Milwaukee, St. Paul, Dunkirk, N. Y., and Wheaton, Ill., bowlers the only visitors. Conditions are reported to be ideal for the five men event tonight, however, with bowlers from six states competing: Albany, Rochester and Syracuse, N. Y.; Cleveland, Lima, Dayton and Delphos, Ohio; Newark, N. J., and Kalamazoo, Mich., will be among those represented.

Several changes in the first ten occurred yesterday. The Birk Beverages, Chicago, went into fourth place in the five men event with 2549. Second place in the singles was captured by Stanley Fazy, Chicago, who rolled 23 and Skidmore, of Madison, Wis., slipped into fourth in the all events with a nine game figure of 1,908. Bill Kohl of Kenosha rolled the high single game of the tournament, a 279.

CHICAGO — (United Press) — With the approach of the finals in the A. B. C. tournament, competition has become keener and many of the early leaders have been pushed into the discard. The 2,500 class team in the five-man event disappeared entirely as several teams bowled their way to high places last night.

Birk Beverages, Chicago, rolled 2,549 for fourth place. Toepfer Brothers, Cincinnati, the last 2,500 team among the leaders, was pushed out of the big ten class.

Jimmy Blouin, former A. B. C. champion, scheduled to give the thrill of the evening, was off form and his team, the Bruks, failed to roll into the prize money. Blouin bowls in the singles and doubles this afternoon and fans who flocked to see him last night hope that he will make up for his poor performance.

## BOWLING

The All Star League bowled at the Recreation Alley Thursday night and about everybody was in good form with the result that some high bowling scores resulted. The Harley Davidsons bowled the first three games and took straight from San Felipe. They also had high game scores to their credit with 308, 305 and 304. Little Olin was not far behind when they grabbed off three straight from Crawford Bottery, putting up a total of 275. The Cole's Spectals and the Signas played a nip-and-tuck game. Signas got the first game by a single pin and the next two by the narrow margin of 12 and 8 pins respectively. Stolly of the Signas bowled high total with 225, while the Cole's bowled high total with 225, while the Cole's bowled high total with 225.

Those who scored 200 or over were Stolly, 225; Snyder, 221; Cole, 223-201; Signas, 221; Crawford, 201; Lawrence, 201; Schupp, 201; G. Chen, 201; Smith, 201.

W. J. Cole took the place of G. Chen, with the Evans team which left for Chicago Thursday to bowl in the A. B. C. tournament.

## ATHLETES BUSY AT INDOOR MEET

CHICAGO — (United Press) — Big ten athletes were busy in two gymnasiums Friday running off the closing and championship events of the indoor season.

Northwestern University swimmers, undefeated in dual meets, last night practically clinched the conference title by placing high and heavy in the preliminaries of the championship meet. Eleven purple natators paddled their way to qualifying positions and will have a big edge in the finals tonight. Michigan and Minnesota teams are the leading contenders.

Wrestlers, fencers and gymnasts showed honors with the swimmers at Bartlett Gym. University of Chicago, preliminaries in these events being held thruout the afternoon and evening. Finals will be held Saturday.

Meanwhile at Patten Gym, Northwestern track and field athletes, were preparing for the preliminaries Friday night and the finals Saturday night. Illinois and Michigan are favored for high places in these games.

## Independents Play Dairy Team

COLUMBUS GROVE — The Lima Independents will meet the Edwards Dairy Basketball team here Saturday night at the City-bldg. Less than a month ago the Lima team won from the dairy team by a score of 26 to 24.

The Columbus Grove team turned the tables on Lima last Saturday night in Lima by a score of 22 to 21.

The second basketball team and a team from Lima will be matched in the preliminary game.

BRADENTOWN, Fla. — (EXHIB) — St. Louis Nationals 5-7 1—Boston 4 6-2. Oak Sherdel, Wighton, and Vick, Niebergall; Genewich, Cooney, Marquard and O'Neill.

DAYTON — Johnny Tillman, St. Paul, won decision over Joe DeLaney, Dayton, in 12 rounds. Johnny Horvath, Mansfield, knocked out Joe Paglino, Louisville, in second round of 12 round bout.

## Working Out The Kinks

NEW ORLEANS — Hitting Earl Coombs, \$50,000 Louisville out-fighter, in his first work out with the New York Yankees, greatly impressed Manager Huggins.

SARASOTA, Fla. — Behind the good pitching of Dean and Maun, the two sensational Giant youngsters, the McGraw rookies beat the regulars 4 to 0 in their first game of the season.

CLEARWATER, Fla. — The Brooklyn Robins scored their first victory of the season when they beat the Phils 12 to 1, in an exhibition game.

LAKELAND, Fla. — The Indians are expected to play their first practice game today with Thie, Covaleskie and Morton taking turns in the box.

AUGUSTA, Ga. — Rookie Collard was wallowed for seven runs in the third inning and the Yannis, with Ty Cobb on their side, went down to a 12 to 1 defeat in the hands of the regulars in the Tigers' second 6-inning practice game.

CATALINA ISLAND, Calif. — Bob Barrett, best of the Cubs rookie infielders, is in line for a try at the shortstop job which is considered open as long as Charlie Heilocher refused to report.

WINTERHAVEN, Fla. — In their first game of the season, the White Sox regulars were defeated by the second stringers, 9 to 6.

ORLANDO, Fla. — Acting Manager Jack Hendricks ordered full speed ahead in training work Friday following a 3 to 2 defeat yesterday at the hands of the Indianapolis team at Plant City. The Reds showed a lack of form caused by a let

# STOCKS DISPLAY FIRM TONE

Buying Orders Are Distributed Thruout the List

## MATERIAL GAINS SCORED

Strength Contributed to by Easy Money Rates.

NEW YORK—(Associated Press)—Constructive forces were at work at the opening of today's stock market, distributing buying orders thruout the list which displayed a firm tone. The market was buoyed by the strength contributed to by easy money rates.

Prices in the general list moved upward in the principal fluctuations took place in the specialties, particularly in the oil pools are reported to be operating.

General Electric advanced 2-3/4. DuPont 1-1/2. American Can, U. S. Steel, and Mack Truck moved up a point or so. Weakness developed in Goodrich and Commercial Solvents A. each of which moved down a point. Foreign exchange opened irregular.

Continuation of easy money rates contributed to the strength of the market, but trading was on a restricted scale. Railroad shares benefited by the inauguration of dividends on Southern Railway common. Chicago and Eastern Illinois preferred extending its dividend to 1-1/2. Norfolk and Western advanced a similar advance and Norfolk and Southern moving up a point. Baldwin and American Can moved up a point or more but trading in the latter was not active.

National Lead advanced 1/4 point. Famous Players, Kellogg, and Pierce Oil preferred and Stewart-Warner yielded 1/4 to 1-1/2 points on selling pressure. Call money opened at 4 per cent.

Distribution of new insurance fire and tornado, by the Lima school board is announced as being as follows:

Gooding Sons & Co., \$57,000; fire insurance and \$54,000 tornado insurance; Glen J. Wallace, \$22,000 fire, \$20,000 tornado; S. G. Folson, \$20,000 fire, \$20,000 tornado; Webb Co., \$27,500 fire, \$20,000 tornado; W. & Sons, \$27,500 fire, \$18,000 tornado; Dille Bros., \$29,000 fire, \$20,000 tornado.

P. A. Taton, \$18,000 fire, \$4,000 tornado; L. E. Justice, \$1,500 fire, \$1,500 tornado; R. O. Woods, \$12,000 fire, \$20,000 tornado; L. H. Miller, \$15,000 fire, \$20,000 tornado; Kemmer & Co., \$27,000 fire, \$20,000 tornado; Pugh Co., \$30,000 fire, \$20,000 tornado; Fred Zeitz, \$20,000 fire, \$20,000 tornado.

P. A. Kahle, \$23,000 fire, \$16,000 tornado; A. G. Griffin, \$25,000 fire, \$18,000 tornado; J. A. Blair, \$14,000 fire, \$12,000 tornado; R. E. Ashley, \$20,000 fire, \$20,000 tornado; Fred Williams, \$20,000 fire, \$20,000 tornado.

# PRICES OF WHEAT ON UPTURN

Strength & Liverpool Quotations Chief Bullish Factor

## FOREIGN DEMAND ENLARGED

Changes in Corn and Oats Are Slight

CHICAGO—(Associated Press)—Wheat showed a firm tendency today in the early dealing, than for several days past. Strength of Liverpool quotations was a bullish factor for wheat.

The opening quotations were a bullish factor for wheat, however, offerings increased and a reaction took place. The opening ranged from 1-4 to 7-8c higher, with May \$1.06 3-8 to 1.06 1-2 and July \$1.07 1-4 to 1.07 1-2. This was followed by declines to slightly below yesterday's finish and then by something of a rally.

The outstanding feature in corn and oats was lack of selling pressure. With weather unfavorable and country offerings small, it took but little buying to make corn advance. Nevertheless when wheat turned weak, corn followed. After opening 1-4 to 3-4c higher, May \$0.1-3 to \$0.1-4, the corn market steadied at around yesterday's latest figures.

Oats started unchanged to 1-4c up, May 46 and held within narrow limits. Provisions were without important changes.

TOLEDO—Wheat, 1.07 1/2 @ 1.08. Corn, \$0.95 1/2 @ .96. Oats, \$0.65 @ .66. Clover seed, cash and 14.00; new March 12.15; clover 12.50. Timothy, cash and March 3.75; May 3.85.

D. A. R. WILL MEET NEXT YEAR AT MARION

SPRINGFIELD, Ohio—Members of the Ohio chapter, Daughters of the American Revolution, decided today to meet in Marion, 1924. Mrs. Thomas Kite, Cincinnati, announced that Mrs. Lowell Hobart, Cincinnati, state regent, will have the unanimous support of the Ohio chapter for vice president general of the national body in 1926.

NINE OF STRANDED SHIP'S CREW RESCUED

NEW YORK—Nine members of the crew of the American Schooner Spindrift, which was abandoned at sea while on her way from Jacksonville, Fla., to Portland, Maine, have been picked up by the steamer Caribby, en route from New York to Kingston, Jamaica, officers of the United Fruit Steamer Santa Marta declared today on her arrival from Kingston.

# 13 ADRIFF AT SEA

British Cruiser Helplessly Driven Before Waves

PETERHEAD, Scotland—The dismantled British cruiser Sutele, adrift in the North Sea for a fortnight with thirteen men on board, was located today seventy miles from this port. A destroyer was standing by the warship.

LONDON—The fate of thirteen men aboard the dismantled 12,000-ton cruiser Sutele, which has been drifting in the North Sea for a fortnight, is causing great anxiety here. The Sutele was towed out of the naval station at Rosyth for Belfast, where she was to be broken up, but on February 29 she broke away from her tugs in a gale. The tugs reached Peterhead and reported the loss, then returned in search of the castaway.

GERMANY ON ROAD TO ECONOMIC RECOVERY

BERLIN—The extent of Germany's economic recovery since the stabilization of her currency was disclosed by Chancellor Marx yesterday when he mentioned that there were only 130,000 short time workers in the unemployed area as compared with 180,000 in November.

BRITISH TO BUILD PLANE TO SEEK HONORS IN AIR

LONDON—With a view to capturing some of the big speed events of the year, and possibly to challenge for the Pulitzer trophy, a local aircraft company has decided to build a speedy airplane. This will be a biplane with a Napier Lion engine giving nearly 600 h. p., and it is believed it will attain a speed of 270, and possibly 300 miles an hour. The machine already has been entered for the Beaumont cup near Marseilles June 22, and the British air derby later.

BATH-TP PUPILS PLAN MUSIC-WRITING CONTEST

Bath-tp school pupils will hold a music and writing contest at Blue Lick, March 28. The nine schools of the township will send five delegates each to this preliminary contest to determine which five will represent the township in the state contest at Columbus.

BUFFALO BILL'S STATUE TO BE UNVEILED JULY 4

CODY, Wyo.—Mrs. Harry Payne Whitney's equestrian statue of William F. (Buffalo Bill) Cody, for whom this city was named, is to be unveiled here July 4, it is announced by the "Buffalo Bill" memorial committee.

RAILROAD SOLD

ELYRIA—Hayden Miller and Co., stock brokers of Cleveland, representing the organized managers of the stockholders, bought the Cleveland, Southwestern and Columbus Railway Co. for \$1,605,000 at the sale which took place in the company's office here today.

# "THE CHARM SCHOOL" ENTERTAINS FRIDAY

"The Charm School" a three act play, will be presented by the senior class of South High, Friday, March 14, at 8 p. m. at the Central auditorium.

The plot centers around a girls' school which falls into the hands of a roving automobile salesman, Austin Berns. The troubles of him and his friends result in a mirth provoking entertainment.

THE CHARM SCHOOL KNOW RIGHT AND WRONG, SPEAKER SAYS

"Judgment" was the topic of the evangelistic address given by Rev. T. E. Henderson, Thursday night at Grace M. E. church. He pointed out that even the savages have consciences and know right and wrong. The heathen has no incentive to do right, however, he said. This incentive comes with Christianity, he added.

In the song service S. C. Biddle, leader, sang two solos using his organ for the accompaniment. More than 800 were present. Friday night will be Sunday school night and a special song service. Biddle will sing his song "Jonah and the Whale."

MILLER FOUND GUILTY OF ADVERTISING FRAUD

Judge Neil R. Poling in criminal court Thursday afternoon returned a conviction against H. J. Miller, representative of the Standard Extension university of Chicago, for fraudulent advertising. Sentence was deferred until Saturday.

Miller's arrest followed investigation by James E. Morton, manager of Lima Better Business Bureau, of complaints by two persons who allege they were induced to sign contracts with Miller and pay definite payments despite claims by Miller that a typewriter would be given free for use of their name as advertising purposes.

# Your Glands Wear Out

If You Could Prevent the Wear and Tear on Your Glands Caused by Sickness, Age, Disease, etc., You Would Look and Feel as Young at 70 as at 25. Science However Has Solved the Secrets of the Glands and Now for the First Time Shows You the True Way to Keep or Regain Your Vigor by Feeding and Replenishing the Most Important Glands!

**50,000 DEMONSTRATION TREATMENTS SENT ABSOLUTELY FREE, YOU WILL RECEIVE ONE IF YOU SEND THE COUPON.**

You Will Throw Away Your "Tonics" and Your Alcoholic "Medicines" Once You Try This Greatest of All Health Builders.

The Lewis Gland Treatment is absolutely original in every particular and nothing like it has ever been known in medical science.

This Combination Method is far ahead of any "Medicine"—"Tonic"—or stimulant ever used in the past. In one week's time it will accomplish more in the cases for which it is intended than a year's doctoring with any other form of treatment or drugs known.

First you must realize that this most modern method of administering *Actual Gland Substance* is so entirely new that it can not yet be purchased in drug stores. Every treatment is sent direct to the person for whom it is intended.

And in order to introduce the Lewis Method quickly, we are prepared to send 50,000 Demonstration Treatments entirely FREE without one penny of expense now or ever to those who will send for them.

We know that everyone who gives this Gland Rejuvenator a trial will be a living, walking testimony for every claim we are making and that it is destined to replace all the old fashioned drugs usually prescribed for weakness and lack of vigor.

## THE "LEWIS" TREATMENT Is Practically Never Failing

So surely will this Method of Treating Glandular Insufficiency bring back your strength and renew your interest in life, that we can claim very truthfully that we are offering you your choice between Happiness and Health or Despondency and Debilitation.

If you have tried many other forms of medical treatment without relief and have despaired of finding anything helpful, then you are the very one above all others to whom we will most gladly send one of our Demonstration Treatments. All you are asked to do is to Test this new Method in your home and at our expense. Surely you will not permit any doubt or prejudice to stand in your way when such a liberal offer as this is made you.

Remarkable Letters Come to Us Daily. Here Is a Sample. Read It.

Lewis Laboratories, Chicago, Ill.

Gentlemen:

Believing I owe you a testimonial, I will tell you and to the world that I consider your new gland systemic treatment the greatest remedy of modern times. I have doctor for years without any relief and when you read of my story you will understand why I am so grateful to you. I used to be an actor in the Minstrel Show business and did lots of rough and tumble work. Years ago from overexertion I lost my manly vigor, my legs and feet gave way and a kind of paralysis set in on my left side. For years I had to drag my left leg and always wore the toes of my shoes sore off. Was numb across the small of my back, couldn't get up or down stairs. In fact I was a weak every way. I tried everything without any help. I tried your gland treatment as a last resort. After three weeks' treatment I found I could sit down and raise my feet in the air. Before I could raise my foot six inches from the floor. After five weeks the paralysis disappeared. I could walk or run as good as any man, my vigor had returned and I feel like twenty-five years younger. And everybody says I look it too. I honestly believe your gland treatment should be brought to the notice of everybody who has lost his health and pep and suffers as I did. know it will help them for everything I have tried failed to help me, and everybody when I have recommended to try your gland treatment says the same. I am a Moose here, member L. O. O. M. number 17, Moose Legion No. 27 and my lodge brothers will sign their names to any statement I make.

Yours truly,  
John Robert Andrews,  
908 East Georgia St., Indianapolis, Ind.

Build Up Your Glands and You Build Up Your Strength and Endurance

### A Special Treatment

#### For Women Also

You will notice in the coupon that we ask whether the treatment is intended for male or female.

This is necessary because the two treatments are absolutely different as to formulas. The female treatment contains Lutein and is particularly recommended for the ailments to which women are most commonly subject. Any Physician will testify as to the wonderful value of Lutein for women's troubles and will also understand that this substance would be of no benefit if administered in a treatment for men. We mention this one point of difference to emphasize the fact that the Lewis Treatment for Women is especially prepared for that sex.

#### Here Is the Experience of One Michigan Woman

Lewis Laboratories, Chicago, Ill.  
Gentlemen:  
Enclosed you will find money order for which please rush my next treatment, as I am nearly out of my last supply. Your treatment for the rebuilding of the glands is a most wonderful discovery, and words cannot express my gratitude to you for what the treatment has done for me.

Nine years ago I went to the hospital here to have a thyroid tumor removed, and on the operating table several other organs were also removed. Since then my life has been miserable. I suffered so much that I would have committed suicide, were it not for my two sons. I tried everything without any relief, and the agony was awful. I was advised to try your new gland treatment and I have thanked my creator ever since. The first week I noticed a remarkable change, my head seemed clearer, my whole system felt lighter and I improved so rapidly. I had a new ambition instilled in me to live. I am recovering so rapidly that I don't want to interrupt the treatment, so please rush this to me. I have recommended your gland treatment to so many people. I again want to thank you for what your treatment has done.

Yours for health,  
Mrs. Fanny Griggs,  
1208 Burton St., Flint, Mich.

### What You May Expect This Treatment To Do For You

The Lewis Method will positively Rebuild and Replace worn and wasted gland tissue. It will increase vitality both physical and mental. It will renew strength, especially as to the functioning of the glands. It will increase your endurance and render you less liable to fatigue. It will improve your general health, and in most cases cause a marked improvement in your appearance. Your appetite will increase and you will almost surely gain in weight if you are at present in a "run-down" condition.

It is especially recommended to men for Prostatic troubles, Liver, Kidney and the Bladder disorders and Rheumatism, both muscular and joint.

The instructions and suggestions that accompany the Demonstration Treatment will tell about the Lewis Treatment in much greater detail than is possible in a general announcement.

#### Too Much Heavy Work Is the Cause of Many Breakdowns

Lewis Laboratories, Chicago, Ill.

Dear Sirs:  
Have just finished a month's treatment and I congratulate you on your wonderful discovery. It seems possible that you can restore young strength so quickly through so simple a method. Being an engineer of this building I have cold responsibility, and through overwork I was run down. I fell from a ladder some months ago the shock so unnerved me that I lost all my pep. A member recommended your treatment, certainly done wonders for me. My wife said that the change in me amazed her. The treatment a youthful vigor in my blood, and I feel so much better. It is unbelievable. My wife is now starting special treatment for women. Am talking of support to all my friends and will be glad to write one about this.

Gratefully yours, Mr. James W. ...  
3350 S. Ogden Ave., ...

We Prove the Truth of Every Statement and Every Claim Sending These Demonstration Treatments Absolutely FREE

The Demonstration Treatment will prove to you beyond reasonable doubt that the Lewis Method of Gland Growth and Rejuvenation is the most wonderful treatment for the renewal of strength and vigor that has ever been conceived.

It is based entirely on the principle of Feeding Actual Gland Substance Direct to the Glands, thereby actually renewing and rejuvenating them.

This Method of giving new life to the glands is advocated and endorsed by the leading students of gland therapy throughout the world—including Dr. Arnold Lorand who is generally conceded to be the greatest living authority on the subject.

The actual Method of Treatment used by us is the result of exhaustive experiments covering several thousand cases, during the past two years.

## Not a Mere 'Medicine' But a Genuine System Restorative

This Gland Building Treatment is the greatest restorer of worn or wasted gland tissues that has ever before been prescribed.

It will act very much like a powerful force, reached down, picked you up when you were hunched and set you on your feet with the will and power to be a man among men.

Only those who have had the privilege of trying this Method can have any real comprehension of its wonderful efficiency.

Send for your Demonstration Treatment NOW! Don't wait until it is too late and all the free treatments are gone. If you will follow your impulse and fill out the coupon and mail it before you this paper get out of your hands you will be sure to receive your treatment within a few days. Then you will see and know, and will be in the happy position of being able to judge for yourself.
